Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.5
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	3.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Rescue Heroes is a live action, half hour television program designed to meet the educational and informational needs of children aged 13 to 16. Rescue Heroes showcases the stories of men and women braving natural disasters with one goal and this is to rescue the victims and help restore their lives. Hosted by meteorologist, Ginger Zee, Rescue Heroes will guide viewers through fascinating weather events while delivering unique takeaways into the causes of many kinds of disasters, as well as how we can properly prepare for them, and collectively overcome them. Each week, viewers will witness firsthand the worst of nature but the best of humanity. Rescue Heroes will take audiences on a journey where they will experience recent natural disasters such as hurricanes, tornadoes, wild fires, and floods. Teen viewers will learn more about the causes and science behind these events, while witnessing the heroic efforts of first responders across the nation.
