Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.5
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	5.4
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	9.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Each week, host Emily Calandrelli takes journeys through space that will both entertain and educate viewers. Ever wonder what it would be like to live in space or on a different planet? Emily shows viewers what it is like to try to perform everyday tasks while floating in zero gravity and living in a Mars like habitat. Episodes feature space robotics, commercial space tourism, asteroids, the search for other life in space, and many other topics, including NASArelated programs as applicable to the episodes. This program aired on the main digital stream.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The key objective of this program is to familiarize children with the animals of the North American continent, their interaction with other animals, and their environment. Throughout the series, emphasis is placed upon protecting endangered species and the impact that humans have while interacting in their environment. The goal of this program is for the viewer to achieve a greater understanding of nature and specific animal species, with the aid of up-close and detailed photography throughout the program. Through this understanding, it is hoped that viewers will better relate to the natural environment in North America and learn to protect North Americas animal species. This program aired on the main digital stream.

Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how its produced. Americas Heartland provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The shows reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. The program aired on the secondary digital stream 40.2.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big is a kid hosted entertaining series for young people that follows the worlds most innovative kids as they create and invent new toys, games, learning tools, websites, and modes of transportation. The program features top kid inventors who face off against one another in an Invent Off to see who can come up with the most innovative and creative invention. In each episode, two teams brainstorm, choose materials, and sketch and design their idea. Once completed, the inventions are then judged. This program allows kids to showcase their skills in creativity, science, innovation, marketing and teamwork. This program aired on the secondary digital stream 40.2.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	<p>During the second quarter of 2019, KBTX FOX4, was an active participant in our Southeast Texas community through events, public service announcements tours and community outreach initiatives. KBTX aired programming specifically designed to serve the educational and informational needs of children. In addition to scheduled programming for children, KBTX aired public service announcements, directed specifically at children, with the objective of helping our community. These public service announcements are provided by national organizations, but KBTX also sponsors supports local events. Meteorologist Dana Melancon visited local elementary schools as part of "science days" which focused on the weather. News Anchors Greg Kerr and Tiffany Murphy chatted with kids and their parents at KidFest, Saturday June 8th, 2019, at the Carl Parker Center on the Lamar University Campus in Port Arthur. KBTX partners with iHeart Media for the event. Our activity at the event was Color the Weather. Kids color a picture, which is randomly selected for air on the FOX Morning Show, every Friday during Hurricane Season, June 1- November 30th. KBTX partnered with Save Our Children, providing air time to promote the organization, which focuses on the well-being of youth in our community. Their annual Appreciation Banquet honors community leaders and highlights the importance of an educational environment. The current SOC focus is the importance of reading. Meteorologist Dana Melancon was off to the races as a dedicated volunteer of the Spindletop Rotary Club 18th annual Soap Box Derby racing event, open to children of all ages, including children with physical, mental and social challenges. The Southeast Texas Soap Box Derby has provided nearly \$300,000 in scholarships for participants and under-privileged kids from a seven county area.</p>

Program Title	AMERICA'S HEARTLAND
Origination	Network
Days/Times Program Regularly Scheduled	Wednesday 8:00 AM
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. "America's Heartland" provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. This program will air on the secondary digital stream 40.2
