**Broadcaster
Information
and
Transition
Plan**

Question	Response
Will the station be sharing equipment with another broadcast television station or stations (e.g., a shared antenna, co-location on a tower, use of the same transmitter room, multiple transmitters feeding a combiner, etc.)? If yes, enter the facility ID's of the other stations and click 'prefill' to download those stations' licensing information.	No
Briefly describe transition plan	KKJB will flash cut its operations from channel 39 to channel 15 on the same day. The new KKJB xmtr will be connected to its existing panel antenna and tested. KKJB will begin operation on its repacked channel. License to cover will be filed.
