Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big is a kid-hosted entertaining series for young people following the world's most innovative kids as they create and invent new toys, games, learning tools, websites, and modes of transportation. The program features top kid inventors who face off against one another in an Invent-Off to see who can come up with the most innovative and creative invention. In each episode, two teams brainstorm, choose materials, sketch and design their idea. Once completed the inventions are judged. This program allows kids to showcase their skills in creativity, science, innovation, marketing and teamwork. This program aired on our station's main digital channel, 24.1.
