Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	4.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	6.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Age of Target Child Audience	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	On The Spot is a question and answer show challenging viewers to recall middle and high school knowledge about history, science, math, English, second languages, health, geography, art, music, and technology, and then teaches them the answer. The show uses an entertaining on-the-street format to test how well young people know the information contained in their own national curriculum. The format allows a wide range of topics and allows topics to be blended. The program also succeeds in modeling all ages, races and genders as successful, knowledgeable individuals. Although there are right and wrong answers, there are right answers from people that every audience member can identify with so that they see a representative from their own group succeeding. In turn, it also allows viewers to learn respect for those outside their own group.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	State to State travels to every entertaining nook and cranny of America. Young viewers will experience the hectic dazzle of the Big Apple, discover the rawhide spirit of Wyoming, learn about the revival of St. Louis, celebrate the innovation of Silicon Valley, hear the music of New Orleans and Austin, understand the history of Hollywood, and learn about America's diverse culture in nearly every state in the union. Viewers will also learn about the country's diverse geography and experience the great outdoors, from Alaska to the Everglades. They'll see the biggest events and discover the hidden gems. Each episode showcases between one and three states and dozens of locations within them. State to State delivers fast-paced, engaging information that's a perfect match for the 21st century learner. The series is packed with facts about history, geography, and culture. The goal of the series is to provide young viewers with the inspiration and information to better understand and appreciate the dynamic and diverse country they live in.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Wild About Animals is a reality science series that uses dramatic, stunning footage combined with an engaging and entertaining narrative to appeal to viewers. The host, Mariette Hartley, is an animal rights activist whose conversational style engages the viewers while educating them about animals in their habitats. From the wild to the house pet, Wild About Animals shows viewers how animals play an important role in our lives and exposes young viewers to science and nature, history and habitat. Viewers learn about a variety of topics such as specific habits of animals or the symbiotic relationship between an animal and nature. Viewers ultimately develop a working knowledge of animals and their environments and come to recognize that animals are an important part of the global ecosystem.

Program Title	Whaddyado? (5.3)
Origination	Network
Days/Times Program Regularly Scheduled	Sundays / 9:00AM and 9:30AM
Total times aired at regularly scheduled time	26
Total times aired	26
Number of Preemptions	0
Number of Preemptions for other than Breaking News	0
Number of Preemptions Rescheduled	0

Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Whaddyado exposes viewers to real life situations. Using reenactments, the audience witnesses perilous situations so they can see important lifesaving skills demonstrated. Using interviews with the participants and instructions from experts, viewers are shown what the proper reaction should be when faced with a similar life-threatening circumstance. Teenagers are used in the reenactments since teens learn best from watching others of their same age range. The show also attempts to minimize a viewer's belief in their immortality, a priceless lesson to learn. In addition, Whaddyado presents a moral dilemma segment which exposes viewers to a moral dilemma. Expert analysis of the costs and benefits of the various courses of action help teens when confronted with similar moral challenges. Whaddyado provides viewers with exposure to difficult situations that other teens have experienced and helps walk them through the steps to good decision making.

Program Title	Animal Atlas (5.1)
Origination	Syndicated
Days/Times Program Regularly Scheduled:	Saturdays / 5:00AM
Total times aired at regularly scheduled time:	13
Number of Preemptions	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal Atlas makes the animal world entertaining, enlightening and informational. The series uses humor, natural visuals and an everyday attitude to reach the minds of young viewers. It uses a friendly and fascinating presentation of information to engage young viewers and broaden their knowledge and perspective of the animal world. Viewers are exposed to every kind of animal imaginable, from the familiar to the astounding, including apes and giant lizards, sharks and tigers and animals from the Americas, Africa, Asia, Australia and elsewhere. Viewers discover the variety of places and situations that animals live in, how they find food and what they eat, how they play and care for their young, and the dynamics of the family units they live in. Animal Atlas also educates young viewers about endangered species and provides useful information on wildlife conservation. The show incorporates the learning categories of life sciences, biological sciences and critical thinking skills in teaching viewers about animals and nature.

Program Title	Safari Tracks (5.2)
Origination	Network
Days/Times Program Regularly Scheduled:	Saturdays / 6:30AM
Total times aired at regularly scheduled time:	13
Number of Preemptions	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Safari Tracks offers viewers a natural look at the exotic animals of the African continent. The engaging host, also from Africa, provides educational information on specific species and how they contribute to the ecosystem of the habitat. He encourages viewers to make ethical decisions and care about the planet. Topics such as predator-prey relationships, endangerment of natural habitat and species by human activity and the low survival rate of some animals are discussed as part of the animal characteristics so that viewers get a more complete and candid picture of the animal and its habitat. Viewers learn about ecology, how population affects ecosystems, how animals learn to adapt for survival, natural selection, the great diversity of species and even reproduction or geographic isolation and how it impacts species. Above all, the series shows respect for the animal world and encourages viewers to show respect for animals and the environment.

Origination	Network
Days/Times Program Regularly Scheduled	Saturdays / 8:00AM - final telecast 8/19
Total times aired at regularly scheduled time	8
Length of Program	30 mins

Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	On The Spot is a question and answer show challenging viewers to recall middle and high school knowledge about history, science, math, English, second languages, health, geography, art, music, and technology, and then teaches them the answer. The show uses an entertaining on-the-street format to test how well young people know the information contained in their own national curriculum. The format allows a wide range of topics and allows topics to be blended. The program also succeeds in modeling all ages, races and genders as successful, knowledgeable individuals. Although there are right and wrong answers, there are right answers from people that every audience member can identify with so that they see a representative from their own group succeeding. In turn, it also allows viewers to learn respect for those outside their own group.

Program Title	Whaddyado? (5.3)
Origination	Network
Days/Times Program Regularly Scheduled	Saturdays / 11:00AM - new day and time effective 7/1
Total times aired at regularly scheduled time	14
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Whaddyado exposes viewers to real life situations. Using reenactments, the audience witnesses perilous situations so they can see important lifesaving skills demonstrated. Using interviews with the participants and instructions from experts, viewers are shown what the proper reaction should be when faced with a similar life-threatening circumstance. Teenagers are used in the reenactments since teens learn best from watching others of their same age range. The show also attempts to minimize a viewer's belief in their immortality, a priceless lesson to learn. In addition, Whaddyado presents a moral dilemma segment which exposes viewers to a moral dilemma. Expert analysis of the costs and benefits of the various courses of action help teens when confronted with similar moral challenges. Whaddyado provides viewers with exposure to difficult situations that other teens have experienced and helps walk them through the steps to good decision making.
