Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C. F.R. Section 73.671, NOTES 2 and 3.	During Q1, one of the multicast streams without advice, changed schedule on one of their core programs to start below 7am; outside of the core content allowable window, thus the station went low by 1.5 hours during the quarter. We will advise the multicast channel to provide core content to run only between 7am up to 10pm, local time. The station will also add more core content to compensate the shortage in core content.
