Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.5
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	6.5
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Digital Core Program (1 of 20)	Response
Program Title	Lucky Dog
Origination	Network
Days/Times Program Regularly Scheduled	Saturdays, 7:00am
Total times aired at regularly scheduled time	13
Total times aired	13
Number of Preemptions	0
Number of Preemptions for other than Breaking News	0
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal trainer, Brandon McMillan operates a training facility known as the Lucky Dog Ranch where his mission is to rescue hard-to love and untrained dogs and find them homes. The show focuses on exercising responsibility and developing a sense of appreciation for life and animals. Life lessons are an integral part of the theme of rescuing these animals from death and providing a second chance for life. In order to accomplish his goal, McMillan must investigate what each animal needs to find the appropriate method to retrain them, so that the animals will make welcome family members. Through watching his interactions with these animals, the viewer is encouraged to be sensitive to our own and other's behavior, and shown how we as individuals can make a difference. This program aired on the main digital channel.

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational	Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. "America's Heartland" provides information about the people and processes responsible for the availability of food and fuel across the country and around

objective of the program and how it meets the definition of Core Programming.	the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. This program airs on the station's second digital stream.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big is a kid-hosted entertaining series for young people that follows the world's most innovative kids as they create and invent new toys, games, learning tools, websites, and modes of transportation. The program features top kid inventors who face off against one another in an Invent-Off to see who can come up with the most innovative and creative invention. In each episode, two teams brainstorm, choose materials, and sketch and design their idea. Once completed, the inventions are then judged. This program allows kids to showcase their skills in creativity, science, innovation, marketing and teamwork. This program airs on the station's second digital stream.

	Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	During this quarter KVAL sponsored the Oregon Track Club's All Comers Track Meet series for youth age groups during July. The station also participated in and sponsored the Freedom Festival on July 4th which is a family oriented day of fun art and cultural exhibits. KVAL sponsored the Willamalane Parks & Recreation's Children's Celebration at the end of July which is a family fun and educational day at Island Park. The station also sponsored the American Cancer Society's Relay for Life, which is a family event to raise money and awareness for cancer research, treatment and services. Also this quarter the station sponsored the Family Nature Discovery Days, a family oriented event educating people about the area's raptors featuring many informative booths, displays and interactive activities for the whole family.

Program Title	America's Heartland
Origination	Network
Days/Times Program Regularly Scheduled	Mondays, 9:00am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Much of the food Americans eat is produced by farmers and ranchers in the country's heartland, but many children don't know how it's produced. "America's Heartland" provides information about the people and processes responsible for the availability of food and fuel across the country and around the world. The show's reporters and producers tell stories in topics that include farm families, consumer issues, animal welfare and crop sustainability. Children will learn about the production of the food and fuel they consume. Some episodes also take the show abroad to countries such as Egypt and Taiwan, to show the impact American agriculture has on the global economy. This program airs on the station's second digital stream.
