Information
and
Transition
Plan**

Question		Response
Will the station be sharing equipment with another broadcast television station or stations (e.g., a shared antenna, co-location on a tower, use of the same transmitter room, multiple transmitters feeding a combiner, etc.)? If yes, enter the facility ID's of the other stations and click 'prefill' to download those stations' licensing information.		No
Briefly describe transition plan		To build according to Post Repack, as authorized. The city of license for WYCI is Saranac Lake, NY and was authored as the original repack facility to replicate the current one, therefore is fully reimbursable. WYCI is now part of an authorized DTS CP.
