Digital Core  
Programming

| Question  | Response |
|---|----------|
| State the average number of hours of Core Programming per week broadcast by the station on its main program stream  | 3.5      |
| State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream  | 0.0      |
| State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:  | 6.0      |
| Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?  | Yes      |
| Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams? | Yes      |

Digital Core  
Programs(19)

| Digital Core Program (1 of 19)   | Response   |
|--|--|
| Program Title  | LUCKY DOG  |
| Origination  | Network  |
| Days/Times Program Regularly Scheduled   | Saturday 7a  |
| Total times aired at regularly scheduled time  | 13   |
| Total times aired  | 13   |
| Number of Preemptions  | 0  |
| Number of Preemptions for other than Breaking News   | 0  |
| Number of Preemptions Rescheduled  | 0  |
| Length of Program  | 30 mins  |
| Age of Target Child Audience   | 13 years to 16 years   |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching theme of rescuing these animals from death and providing a second chance for life. Following McMillan's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others' behavior and teaching how we as individuals can make a difference. This program is pecifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |
| Does the Licensee identify the program by displaying throughout the program the symbol E /I?                             | Yes  |

| Program Title  | DR. CHRIS PET VET  |
| Origination  | Network  |
| Days/Times Program Regularly Scheduled   | Saturday 730a  |
| Total times aired at regularly scheduled time  | 13   |
| Total times aired  | 13   |
| Number of Preemptions  | 0  |
| Number of Preemptions for other than Breaking News   | 0  |
| Number of Preemptions Rescheduled  | 0  |
| Length of Program  | 30 mins  |
| Age of Target Child Audience   | 13 years to 16 years   |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Chronicling the adventures of Dr. Chris Brown, DR. CHRIS PET VET allows viewers unique insight into the life of one of the world's busiest vets and the animals that he treats. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. The show usually consists of three segments, following the doctor as he treats various animals that are in trouble and offering the viewer opportunities to understand the challenges a veterinarian daily faces. The series focuses on how the doctor investigates the individual problem and tries to develop solutions that on the surface would seem confounding to the viewer. As such the show not only offers a view into careers in and responsibility for taking care of pets, but also into problem solving strategies and behaviors. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |
| Does the Licensee identify the program by displaying throughout the program the symbol E /I?                             | Yes  |

| Describe the<br>educational<br>and<br>informational<br>objective of<br>the program<br>and how it<br>meets the<br>definition of<br>Core<br>Programming. | The Henry Ford's INNOVATION NATION, hosted by Mo Rocca, features the celebration of the inventor's spirit - from historic scientific pioneers throughout past centuries to the forward-looking visionaries of today. Each episode tells the dramatic stories behind the world's greatest inventions, and the perseverance, passion and price required to bring them to life. The program includes segments focusing on 'what if it never happened' and 'the innovation by accident,' and has a strong focus on 'junior geniuses' who are changing the face of technology. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |

| Describe the<br>educational<br>and<br>informational<br>objective of<br>the program<br>and how it<br>meets the<br>definition of<br>Core<br>Programming. | THE INSPECTORS is a scripted dramatic series inspired by compelling real-life cases handled by the United States Postal Inspection Service. In the series, Preston Wainwright, a determined teenage boy who is thriving after being paralyzed in a car accident, works as an intern at the U.S. Postal Inspector's lab assisting his U.S. Postal Inspector mom, Amanda, in solving crimes that deal with everything from internet scams, identity and mail theft, to consumer fraud. The program strives to educate young people about making the right choices in their daily lives, encourages open communication between teens and parents and includes positive messaging regarding living with disabilities, overcoming challenges, beating the odds and the power of perseverance. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Produced primarily for the 13 to16 target audience, XPLOATION DIY Sci will inspire and educate audiences of all ages. Host, science educator, and leader in the field of professional educational training Steve Spangler encourages the discovery of scientific concepts through experiments viewers can do at home. With a fun, relaxed attitude, Steve will take viewers through step-by-step demonstrations of do it yourself experiments that amaze but which also relate back to solid principles of science. For instance, Steve Spangler became nationally known with a video showing him dropping the candy Mentos into a bottle of diet soda. It erupts in a geyser of soda. On XPLOATION DIY Sci, Spangler demonstrates the experiment and also explains the science of why, on a molecular level, the soda reacts that way to the candy. XPLOATION DIY Sci is a half hour weekly EI series produced with the intention of increasing and expanding our target audience interest in the field of STEM education. This series will help kids understand how they can discover the principles of science with items they can find in their very own home. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | PET VET DREAM TEAM is a live action, half hour television program designed to meet the educational and informational needs of children aged 13 to 16. PET VET DREAM TEAM follows talented veterinarians Dr. Lisa Chimes and Dr. Andrew Marchevsky of the Small Animal Specialist Hospital (SASH), where they deal with compelling cases of infirm and injured pets. Viewers also see exotic animal expert Tim Faulkner in action at the Australian Reptile Park, where he cares for animals big and small, from crocodiles to koalas. Together, these three authorities race to cure their furry and feathered charges educating viewers on a range of medical procedures and zoological practices along the way. As viewers catch a behind-the-scenes look at the veterinary profession, they also learn responsibility and empathy for animals of all kinds through the passionate work of the PET VET DREAM TEAM. |

| Program Title  | LUCKY DOG   |
| Origination  | Network   |
| Days/Times Program Regularly Scheduled   | Saturday 7a   |
| Total times aired at regularly scheduled time  | 13  |
| Length of Program  | 30 mins   |
| Age of Target Child Audience from  | 13 years to 16 years  |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching theme of rescuing these animals from death and providing a second chance for life. Following McMillan's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others' behavior and teaching how we as individuals can make a difference. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Chronicling the adventures of Dr. Chris Brown, DR. CHRIS PET VET allows viewers unique insight into the life of one of the world's busiest vets and the animals that he treats. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. The show usually consists of three segments, following the doctor as he treats various animals that are in trouble and offering the viewer opportunities to understand the challenges a veterinarian daily faces. The series focuses on how the doctor investigates the individual problem and tries to develop solutions that on the surface would seem confounding to the viewer. As such the show not only offers a view into careers in and responsibility for taking care of pets, but also into problem solving strategies and behaviors. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Produced primarily for the 13 to16 target audience, XPLOATION DIY Sci will inspire and educate audiences of all ages. Host, science educator, and leader in the field of professional educational training Steve Spangler encourages the discovery of scientific concepts through experiments viewers can do at home. With a fun, relaxed attitude, Steve will take viewers through step-by-step demonstrations of do it yourself experiments that amaze but which also relate back to solid principles of science. For instance, Steve Spangler became nationally known with a video showing him dropping the candy Mentos into a bottle of diet soda. It erupts in a geyser of soda. On XPLOATION DIY Sci, Spangler demonstrates the experiment and also explains the science of why, on a molecular level, the soda reacts that way to the candy. XPLOATION DIY Sci is a half hour weekly EI series produced with the intention of increasing and expanding our target audience interest in the field of STEM education. This series will help kids understand how they can discover the principles of science with items they can find in their very own home. |
