		Main Facility Antenna	Yes		
	Main Facility TransmitterMain Facility Transmission lineMain Facility Transmission lineMain Facility Mask Filter and/or RF CombinerAuxiliary antenna and related equipmentDoes the Station anticipate that it will receive all necessary equipment in time to meet the construction deadline for the Station's main facility?Has Station received all required new broadcast equipment (antenna, transmitter, etc.) necessary to begin construction?	Yes			
		Main Facility Transmission line	Yes		
		Main Facility Mask Filter and/or RF Combiner	Yes		
		Auxiliary antenna and related equipment	No		
		equipment in time to meet the construction deadline for the	Yes		
			No		

Towers and	Section	Question	Response	
Antenna	Towers Construction and Antenna Installation	Does the Station's post-auction facility require tower construction/modification work?	No	
		Does construction of the Station's post-auction facility require construction of a new tower or substantial modification of an existing tower?		
		Has all necessary tower work been scheduled?		
		Has all necessary tower work been completed?		
		Does the Station anticipate that all tower work, including antenna installation, will be completed in time to meet its construction deadline?	Yes	
	Auxiliary Antenna	Does the Station require use of a new auxiliary antenna system?	No	
		Has the Station started all outside tower work and made all necessary equipment upgrades to commence testing of its new auxiliary antenna system?		
		Has the Station completed all outside tower work and made all necessary equipment upgrades to commence testing of its new auxiliary antenna system?		
		Has the Station started testing on its new auxiliary antenna system?		
		Has the Station completed all testing on its new auxiliary antenna system such that it may now cease broadcasting on its pre-auction channel?		
	Post-auction Facility	Has the Station completed all work, including construction, modification and/or installation, related to construction of its post-auction facility such that it is ready to begin testing on its post-auction facility?	No	
		Has the Station completed all tower work?	No	
		Has all necessary tower work been completed?YesDoes the Station anticipate that all tower work, including antenna installation, will be completed in time to meet its construction deadline?YesDoes the Station require use of a new auxiliary antenna system?NoHas the Station started all outside tower work and made all necessary equipment upgrades to commence testing of its new auxiliary antenna system?NoHas the Station completed all outside tower work and made all necessary equipment upgrades to commence testing of its new auxiliary antenna system?Image: Completed all outside tower work and made all necessary equipment upgrades to commence testing of its new auxiliary antenna system?Has the Station completed all outside tower work and made all necessary equipment upgrades to commence testing of its new auxiliary antenna system?Image: CompleteHas the Station completed all testing on its new auxiliary antenna system such that it may now cease broadcasting on its pre-auction channel?NoHas the Station completed all work, including construction, modification and/or installation, related to construction of its post-auction facility such that it is ready to begin testing on its post-auction facility?No		
		before it can fully construct and/or operate its post-auction	Yes	
		WMOW is at remote hilltop leased site with PH9 tower work in testing period. Weather/climate delays are a concern. We are a		
			auction facility that is necessary to complete an application	No
	Pre-auction Channel		No	

Certification	Section	Question	Response
	General Certification Statements	The Applicant waives any claim to the use of any particular frequency or of the electromagnetic spectrum as against the regulatory power of the United States because of the previous use of the same, whether by authorization or otherwise, and requests an Authorization in accordance with this application (See Section 304 of the Communications Act of 1934, as amended.).	
		The Applicant certifies that neither the Applicant nor any other party to the application is subject to a denial of Federal benefits pursuant to §5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. §862, because of a conviction for possession or distribution of a controlled substance. This certification does not apply to applications filed in services exempted under §1.2002(c) of the rules, 47 CFR . See §1. 2002(b) of the rules, 47 CFR §1.2002(b), for the definition of "party to the application" as used in this certification §1.2002 (c). The Applicant certifies that all statements made in this application and in the exhibits, attachments, or documents incorporated by reference are material, are part of this application, and are true, complete, correct, and made in good faith.	
	Authorized Party to Sign	 FAILURE TO SIGN THIS APPLICATION MAY RESULT IN DISMISSAL OF THE APPLICATION AND FORFEITURE OF ANY FEES PAID Upon grant of this application, the Authorization Holder may be subject to certain construction or coverage requirements. Failure to meet the construction or coverage requirements will result in automatic cancellation of the Authorization. Consult appropriate FCC regulations to determine the construction or coverage requirements that apply to the type of Authorization requested in this application. WILLFUL FALSE STATEMENTS MADE ON THIS FORM OR ANY ATTACHMENTS ARE PUNISHABLE BY FINE AND /OR IMPRISONMENT (U.S. Code, Title 18, §1001) AND/OR REVOCATION OF ANY STATION AUTHORIZATION (U.S. Code, Title 47, §312(a)(1)), AND/OR FORFEITURE (U.S. Code, Title 47, §503). 	
		I certify that this application includes all required and relevant attachments. I declare, under penalty of perjury, that I am an authorized	Yes BRADY DREASLER
		representative of the above-named applicant for the Authorization(s) specified above.	CORPORATE DIRECTOR OF ENGINEERING
