Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Inspired by the beloved works of best-selling children's author Richard Scarry, Busytown Mysteries brings the popular adventures of Busytown to preschoolers with an educational, problem-solving twist. Children can follow classic characters such as Huckle, Sally and Lowly as they scour Busytown on fun-filled adventures looking for answers to life's puzzles. Each episode focuses on fostering viewers' problem solving abilities, as the characters use their skills of observation to collect facts, draw inferences from those facts, and ultimately reach conclusions. Each episode also develops vocabulary through words and concepts that are part of the episode's overall theme. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The "Ultimate Choice" series places real young adults in life situations that challenge their previous perceptions, strengths, and values-all in a reality television format. The participants step outside their usual routines to interact with a new group of acquaintances toward individual and common goals. With challenging tasks, an interesting array of settings, and the drama of interacting personalities, the program makes compelling viewing while, at the same time, introducing and reinforcing healthy life choices. The "Ultimate Choice" addresses issues that are critical to the mental and physical health of young people. Without pandering or browbeating, this series presents an appealing, thoughtful approach to dealing with the societal pressures faced by today's adolescents and young adults.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Teen Kids News is a weekly program that is informative, educational and entertaining! It is a fast paced program composed of short segments that "fit" the visual learning style of today's students and is composed of many segments that vary from program to program and year to year. The programs deliver content as an entertaining, humorous and fascinating look at current events and other "news stories" of interest to students aged 13-16. Teen Kids News highlights positive stories about kids doing amazing things and helping to make the world a better place. In addition, the reporters on the show (who are, of course, all kids!) report on everything that is fun or interesting or important about our world. These stories range from kids who fly planes to how to deal with bullying to the best way to throw a baseball for power, to tips on getting into college to making friends to behind the scenes with entertainers.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching theme of rescuing these animals from death and providing a second chance for life. Following McMillan's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others' behavior and teaching how we as individuals can make a difference. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chronicling the adventures of Dr. Chris Brown, DR. CHRIS PET VET allows viewers unique insight into the life of one of the world's busiest vets and the animals that he treats. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. The show usually consists of three segments, following the doctor as he treats various animals that are in trouble and offering the viewer opportunities to understand the challenges a veterinarian daily faces. The series focuses on how the doctor investigates the individual problem and tries to develop solutions that on the surface would seem confounding to the viewer. As such the show not only offers a view into careers in and responsibility for taking care of pets, but also into problem solving strategies and behaviors. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Origination	Network
Days/Times Program Regularly Scheduled	Saturdays - 10AM CT (as of 9/28/13)

1
0
30 mins
13 years to 16 years
Each week, host Evette Rios, recently a field correspondent and roving reporter for "The Chew," helps American families modify and update a high-calorie family recipe. First, two chefs face off in a head-to-head competition to give the recipes a nutritious low-calorie twist. After making each rehabbed recipe in its own kitchen, the family chooses its new favorite. This recipe makeover challenge teaches viewers aboutthe nutritional value of different foods, promotes the use of healthy, wholesome ingredients, and demonstrates that healthy food choices can have positive effects on viewers' quality of life. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

			Program Title	Teen Kid News (Bound	ce 13.3)
Origination	Network				
Days/Times Program Regularly Scheduled	Sundays - 9:00 AM CT				
Total times aired at regularly scheduled time	13				
Length of Program	30 mins				
Age of Target Child Audience from	13 years to 16 years				
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Teen Kids News is a weekly program that is informative, educational and entertaining! It is a fast paced program composed of short segments that "fit" the visual learning style of today's students and is composed of many segments that vary from program to program and year to year. The programs deliver content as an entertaining, humorous and fascinating look at current events and other "news stories" of interest to students aged 13-16. Teen Kids News highlights positive stories about kids doing amazing things and helping to make the world a better place. In addition, the reporters on the show (who are, of course, all kids report on everything that is fun or interesting or important about our world. These stories range from kids who fly planes to how to deal with bullying to the best way to throw a baseball for power, to tips on getting into college to making friends to behind the scenes with entertainers.
