| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | What does it mean to "go green" as a teen? More and more young people want to know the answer to that question. Now there's Eco Company, a national TV show on a quest to find answers. Eco Company is hosted by a dynamic group of teens who combine their natural curiosity with their enthusiasm to preserve the planet they will inherit. Every week Eco Company explores all aspects of being green and understanding how we impact our world. From reporting on the latest technologies in energy, recycling, conservation and organics to sharing the stories of young people making a positive impact on the environment. In addition every week Eco Company provides a practical tip that teens and people of all ages can use in their daily lives. Eco Company is designed to be an interactive program from finding out what's on the mind of all teens by talking to them wherever we find them to providing a forum on this website for teens to share their own videos about going green. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Xploration Awesome Planet will inspire and educate anyone interested in earth sciences. Our host, Philippe Cousteau, the grandson of legendary Jacques Cousteau, brings boundless energy to every location we visit. From magnificent mountains to violent volcanoes, this program takes an in-depth look at the unique and distinct features on planet Earth. We not only visit gigantic glaciers and behold their beauty but also discover why they formed, and how they shaped our landscape. Geological experts share their wisdom with Philippe, as we strive to understand places on the earth, inside the earth, and above the earth. |
