Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal trainer Brandon McMillan is swooping into animal shelters across the U.S., rescuing hard-to-love, out-of-control, untrained and unadoptable dogs. Then, back at Brandon's training facility known as the Lucky Dog Ranch, he goes to work on the seemingly impossible task of turning the frightened pooches into perfect pets. In the end, a lucky family will adopt an even luckier dog, making each episode an adoption story that truly warms the heart. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. AQUA KIDS provides core programming in the area of biology, specifically the ecosystem related to the ocean, its tributaries and estuaries. Host Molly and the Aqua Kids crew have traveled the globe, sharing their adventures in an award-winning children's program dedicated to educating young people about the importance of protecting marine environments and the animals that live there. Children can learn about the resources of the oceans and how protection of the oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations in the future, with the biggest ecosystem on the earth - the oceans. Each episode provides information related to the specific topic and gives an educational approach to understanding the topic related to the entire ecosystem of the earth. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a siginificant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.
