Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	ECO Company provides CORE programming in the area of the environment and preservation of the Earth's resources. Eco Company explores all aspects of being "green" and understanding how our actions impact the world. The Eco team find out about climate change by asking questions to discover the truths and myths of the climate change issue. they learn about alternative energies by visiting wind farms and solar installations and discovering new energy technologies currently under development. They learn about recycling, conservation and organics. The e-Team profiles teens and school organizations who have taken it upon themselves to make a difference, young entrepreneurs who are taking their passion for green to develop ideas, and new products for a sustainable future. Most importantly, each story and each feature is reported by teens and told from their perspective. Additionally Eco Company regularly provides practical tips that teens, and people of all ages can use in their daily lives.
