Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Each week, host Evette Rios, recently a field correspondent and roving reporter for "The Chew," helps American families modify and update a high-calorie family recipe. First, two chefs face off in a head-to-head competition to give the recipes a nutritious low-calorie twist. After making each rehabbed recipe in its own kitchen, the family chooses its new favorite. This recipe makeover challenge teaches viewers about the nutritional value of different foods, promotes the use of healthy, wholesome ingredients, and demonstrates that healthy food choices can have positive effects on viewers' quality of life. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chronicling the adventures of Dr. Chris Brown, DR. CHRIS PET VET allows viewers unique insight into the life of one of the world's busiest vets and the animals that he treats. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. The show usually consists of three segments, following the doctor as he treats various animals that are in trouble and offering the viewer opportunities to understand the challenges a veterinarian daily faces. The series focuses on how the doctor investigates the individual problem and tries to develop solutions that on the surface would seem confounding to the viewer. As such the show not only offers a view into careers in and responsibility for taking care of pets, but also into problem solving strategies and behaviors. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Passport To Explore takes an atypical approach, since the focus is specifically aimed at the 13-16 year-old set. Teens - the "Young Explorers" - travel the globe in search of exciting and adventure filled places and learn a little something in the process. In accordance with the 1990 Children's Television Act (ATC) intended to increase educational and informational programming for children on television, Passport To Explore clearly meets the goals of providing children with a television show that meets CORE requirements of the FCC as follows: 1. The Passport To Explore website will be easily accessed by parents and provide a clear description of the types of programming offered. 2. Passport To Explore provides CORE programming in the area of geography and prevailing local customs related to the areas visited. Not only does the series present geographical and morays about the areas visited, but it aims to enrich children's lives by making them aware of the differences that exist and how enriching those differences can be to their own lives. Each episode provides information related to the specific area visited and gives an educational approach to its history. 3. Passport To Explore uses the technique of near peer mentors i.e., children to teach other children. Each episode employs children who ask questions and experience firsthand the experience of the topic.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Passport To Explore takes an atypical approach, since the focus is specifically aimed at the 13-16 year-old set. Teens - the "Young Explorers" - travel the globe in search of exciting and adventure filled places and learn a little something in the process. In accordance with the 1990 Children's Television Act (ATC) intended to increase educational and informational programming for children on television, Passport To Explore clearly meets the goals of providing children with a television show that meets CORE requirements of the FCC as follows: 1. The Passport To Explore website will be easily accessed by parents and provide a clear description of the types of programming offered. 2. Passport To Explore provides CORE programming in the area of geography and prevailing local customs related to the areas visited. Not only does the series present geographical and morays about the areas visited, but it aims to enrich children's lives by making them aware of the differences that exist and how enriching those differences can be to their own lives. Each episode provides information related to the specific area visited and gives an educational approach to its history. 3. Passport To Explore uses the technique of near peer mentors i.e., children to teach other children. Each episode employs children who ask questions and experience firsthand the experience of the topic.
