Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	NOODLE AND DOODLE, an instructional series, features creating art projects and cooking projects around a specific theme. Host Sean drives around in a double-decker bus fully equipped with art supplies and a kitchen, ready for any assignment. The projects encourage parent engagement and often feature families working together to make something to display within the child's home. Sean's side-kick, Doggity, is an ever-faithful beagle who transforms into an animated character during interstitial trips to a parallel universe, set in a kitchen full of prank-playing animated characters. The art projects typically promote utilizing recycled materials in order to demonstrate that creativity can transform something intended for one purpose into something that achieves a completely different goal.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	THE PAJANIMALS are a group of four pre-school-aged puppets who live together in a house with their off-screen mother and father. They reside primarily in their bedroom, a dormitory of sorts, where they complete their nighttime routine of brushing teeth and conversing quietly before falling to sleep. The quiet time, always turns into a discussion that results in a dream-like adventure to solve a problem, such as overcoming shyness, making a new friend, or dealing with a bully. The adventure takes place in several nighttime dream locales where special friends help them work through the social/emotional problem of the day. Specific approaches to managing the problem are demonstrated and practiced throughout the adventure. The children return home in time to get ample rest, confident about facing their issues when they awaken the following day.

Origination	Network
Days/Times Program Regularly Scheduled	Saturday/10:00 - 10:30am
Total times aired at regularly scheduled time	8
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	CHICA is a five-year-old "baby" chick who spends her days with her parents in their costume shop, the Coop. The shop's one employee, Kelly, doubles as Chica's nanny and the ensemble is rounded out with Bunji, a large floppy-eared rabbit and Stitches, a straw mannequin that sits in the window. In each episode, Chica develops or encounters a problem that she cannot immediately resolve. Usually, her issues involve impulse control, judgment and other inter-personal behaviors. She and Kelly usually work on the problem through an adventure -- a fantasy transformation to animation -- where Bunji and Stitches come alive and join Chica and Kelly for the problem-solving process. The core educational content is primarily socio-emotional development, and Chica learns how to express herself properly, think before she acts and interact with others effectively. She often learns that it takes hard work and practice to become proficient at different skills.
