Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is designed and produced to educate children about the importance of protecting aquatic environments and the animals that live in marine habitats. Each episode strives to show teens that with a little dedication and the right attitude, they have the ability to make a difference within their own communities. In each episode, Host Molly and the Aqua Kids crew travel the globe while sharing their adventures and what they learn about preserving a world for everyone to explore. Whether it's saving sea turtles or participating in a beach cleanup, the Aqua Kids demonstrate the real and lasting contribution children can make in protecting the future of their community and the world. This program airs on the main digital channel WLYH 15.1.
