Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Based on the book series by author and illustrator Bob Kolar, is set on a space station in an unknown solar system. The station is populated by five animal characters and one three-eyed octopus of unknown derivation. Each episode begins with an everyday conversation or incident that grows into a predicament of some sort needing a solution. While these predicaments take place on a space station populated by animal characters and aliens from different galaxies, the issues and resolutions resonate for a preschool audience. Through comedy and zippy action, our target audience sees how the characters learn lessons for practical living such as how to keep track of things that belong to you, practice good habits, clean up a space when you've made a mess, rebound from a failure or an embarrassing incident, or resist the urge to blame others for your mistakes.

Length of Program	30 mins
Age of Target Child Audience	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chica is a five-year-old "baby" chick who spends her days with her parents in their costume shop, the Coop. The shop's one employee, Kelly, doubles as Chica's nanny and the ensemble is rounded out with Bunji, a large floppy eared rabbit and Stitches, a straw mannequin that sits in the window. Chica's parents were formerly entertainers in the vaudeville tradition and they regale the audience with stories and songs from their theatrical past. They enjoy and indulge Chica, who sometimes acts younger than her age and gets into all kinds of predicaments. Kelly uses fantasy play to transform herself, Chica, Bunji and Stitches into animated characters in another universe, who are struggling with a problem similar to the one Chica experienced in the Coop. Without fail, they find the problem can be solved and they carry that knowledge back to the Coop to use on another day.

Program Title	Poppy Cat
Origination	Network
Days/Times Program Regularly Scheduled	Saturdays @ 12PM
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Poppy Cat is based on the Poppy Cat's Adventures book series authored and illustrated by Lara Jones. A narrator, also named Lara, reads a story to her cat in each episode. This story stars the narrator's own Poppy Cat, who envisions and takes his friends on imaginary adventures. The friends are Zuzu, a Dalmatian who zips around on a skateboard; Alma, a southern belle bunny who is ultra-feminine and sweetly dramatic, Mo, a little mouse who tries his best to do as much as everyone else despite his size; Owl, the wise one who is prone to neck rolls and commentary when things irritate him or don't make sense, and the grouchy Egbert, an arrogant and obnoxious badger who refuses to play with the group and invariably attempts to sabotage their adventures. Occasionally Hilda, a forgetful and ditzy pigeon who flies into their adventures, appears to say hello or provide misguided directions to the friends. Once their mission is accomplished, the friends return to their little village and resume their cheerful, active lives. At the conclusion of her story, Lara closes her book and says good-bye to Poppy Cat, who is usually ready for his nap.
