Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C. F.R. Section 73.671, NOTES 2 and 3.	During this reporting period, KYAZ-TV added two program providers to the multicast stream, one provider did not have children's content at the outset of the quarter. KYAZ was able to add children's content by June; however, as a result of the delay in finding acceptable content, KYAZ-TV will be cumulatively deficit over this reporting period. Therefore, the station is making up that time in the current (3rd quarter) reporting period.
