Digital Core  
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	560.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	10.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The twin brothers in the cartoon program are smart kids whose family moves to a new town. The brothers form new friends with their school and neighborhood buddies by getting involved with the Radio Controlling Race Club. The popular cartoon program talks about friendship against the backdrop of the car races. The plot revolves around the interactions between the young friends and how they prepare for the exciting races. The twin brothers and their friends go through the thrills of winning and the disappointments of losing various competitions. They also learn how to overcome conflicts among friends that arise from these races, which are resolved in the program.
