Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The educational objectives of Cubix include the reinforcement of age-appropriate interpersonal skills, the development of self-confidence, courage and personal responsibility. Cubix exposes children to these lessons within an entertaining, non-threatening imaginary environment. The Botties and their robots tackle personal and community adversities in creative story lines. Within this framework, children can see age-appropriate problem-solving strategies and learn to model the appropriate behavior. Through the Botties experiences, viewers learn to overcome self-esteem and social competency issues, demonstrating to children that self-confidence, courage and resilience are necessary tools for problem solving and establishing good interpersonal relationships. Moreover, the characters inspire and promote altruistic behaviors, such as community participation, support, resilience, tolerance and leadership skills. Specific Educational Objectives: Teach children to think and act independently, especially when the right thing to do is not the popular thing to do. Help young viewers recognize conflict and identify resolutions. Emphasize confidence in oneself and trust ones instincts. Encourage viewers to persevere and never give up. Demonstrate verbal and nonverbal communication. Teach viewers that differences should be embraced and celebrated. Demonstrate the value of teamwork. Help viewers to see that they must take responsibility for their own behavior, words, and actions. Demonstrate the importance of virtues: honesty, perseverance, honesty, and patience.
