Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	"CHAT ROOM" is a half-hour weekly educational series designed to inform, educate, and entertain children 16 & under (specific target audience is 13-16) through re-enacting teen oriented dilemmas and discussing them in an open and honest format. More than any other group, teens are on the frontlines of dealing with complex subjects as they stand at the crossroads between childhood and adulthood. "CHAT ROOM" may not have all the answers but it offers a place where young people can watch and discuss the problems they face. "CHAT ROOM" provides a compelling look at real-life situations that happen to today's teens as dramatized by teen actors. Our adult host and teen panel then discuss the issues presented in a direct and forthright manner. This program is not intended to be preachy or pedantic. The goal is to present issues that are real and raw and discuss the pros and cons of each situation in a free-flowing environment. We provide a written synopsis of each episode for your FCC Children's Television Report. These write-ups are e-mailed to your station on a quarterly basis. Also, each episode is close-captioned and E/I inscribed throughout.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	ON THE SPOT adopts a modified question and answer format familiar to broadcast network viewers, including the targeted age. The questions fall under curriculum core areas of knowledge in social studies, science, the arts, civics, and mathematics. The format allows for a wide range of topics and allows topics to be blended, which is a serious asset. The integration of core curriculum areas is a traditional goal in education and while ON THE SPOT doesn't support the deeper integration that would be done in a classroom, the energetic blend is a great example of taking curriculum out of their separate boxes and making them a uniform part of why knowledge can be important. The series also succeeds in modeling all ages, ethnicities, and both genders as successful, knowledgeable individuals. Although there are right and wrong answers, there are right answers from people that every audience member can identify with. This is of too-often misunderstood importance for the targeted 13-16 year-old age. Identifying with a successful representative of your own group is extremely important. But it is also very important to learn respect for those outside your own group---and this series does that very well.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	"ANIMAL SCIENCE" is a half-hour weekly E/I animal series with a uniquely scientific approach. This series is specifically produced for children 16 and under (target audience is 13-16). While most animal shows look at the behavior of animals, we go one step further to look at the how and why an animal is able to excel in its environment. Shot in high-definition, "ANIMAL SCIENCE" uses animation, graphics, and scientific analysis from animal experts to give viewers more understanding than ever before of these amazing creatures. Our enthusiastic host's modern vocal style will be engaging to the target audience. This program will attract all age demographics. We provide a written synopsis of each episode for your FCC Children's Television Report. These write-ups will be e-mailed to your station on a quarterly basis. Also, each episode is close-captioned and E/I inscribed throughout.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	In accordance with the 1990 Children's Television Act (CTA) which intends to increase educational and informative television programming for children, Elizabeth Stanton's Great Big World achieves the goals of providing children with a television show that meets the core programming requirements as determined by the FCC. 1. Friendship is a central theme to all episodes. 2. Each episode educates and informs the audience with lessons in geography, the initial and ongoing development of culture, volunteer opportunities, social dynamics, action and adventure, arts and entertainment, national customs, local transportation and trivia. 3. The series highlights the need for volunteering and helping behavior, not only in geographic areas of near proximity, but also around the world. 4. Each episode presents social responsibility and selfless behavior in a positive and encouraging manner.
