Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	5.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	BABAR, based on the books by Laurent de Brunhoff, is an animated show about a young orphaned elephant who finds the strength to rise above the challenges he faces, including the death of his parents, as he journeys through life. Each episode of the show develops a social-emotional message such as taking responsibility, being patient and persistent in hard work, respecting people's privacy, learning to cope with unforeseen changes, and being honest. These messages emerge from the need to resolve a dilemma that is faced by Babar, one of his friends or family members.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>PEARLIE recounts the weekly escapades of an optimistic, amiable fairy who has been appointed by Fairy HQ to maintain order in Jubilee Park. She lives among a dozen assorted characters, including her fairy best friends, Opal and Jasper, a garden elf, a wood nymph, possum, bats, other fairies, rats, a small colony of fleas, a lizard and her arch-rival, Saphira, who is also her fairy cousin. While Pearlie is very likable, she is a bit of a busy-body who likes to arrange things according to over-ambitious plans that ultimately get her in trouble. She gets along with everyone so, ultimately, every problem is solved and Pearlie learns a lesson. However, her greatest challenges are usually presented by her one enemy, the bully and diva Saphira. Fortunately, Pearlie rises to Saphira's challenges, not with meanness, but by outwitting her. Overall, learning is a constant process for Pearlie because she has big responsibilities, taking care of an entire little community, but she is indomitable and tenacious and ends up preserving order and happiness in Jubilee Park.</p>

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	SHELLDON is an animated series that takes place in Shell Land, a mythical undersea world populated by characters from a wide array of water-dwelling species. The main character, Shelldon, is an orphaned yoka shell mollusk adopted by the Clam family and living with them in the family-owned Charming Clam Inn. Dr. Shell, an elder and venerated inventor, and Connie, a cowrie shell classmate of Shelldon's also live at the inn. Shelldon and his buddies, Herman (a hermit crab) and Connie (a cowrie shell), always work together and solve problems that they face in school or in the community. A recurring problem is to staunch the plans of the local millionaire, Cecil Cracken, whose greed puts making money over protecting the environment. Dr. Shell is typically the children's key provider of knowledge and other resources. In each episode, the children learn a significant social-emotional lesson and also share information relating to their ocean habitat and environmental protection.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	THE MAGIC SCHOOL BUS is a show that features the most adventuresome teacher on the planet, Ms. Frizzle and her group of students who dutifully follow her approach to education-by taking magical field trips to learn about anything that interests her or them. All the students are curious, but with each one, there is often a personal problem that needs solving and the field trip has a way of dovetailing with the personal challenge to get everything all worked out. The class has been on 52 field trips, traveling in a magic bus that can transform its shape and power source, so it can travel through any environment, from the bottom of the ocean to outermost space. Ms. Frizzle can handle it all, from driving the bus, navigating unfamiliar terrain, to guiding the children's learning through inquiry. She is undeterred and rarely discouraged and expects no less from her students. Ms. Frizzle is amazingly understanding and permissive in her approach and the children are ambitiously curious about the world as a result. It's not just the bus that's magic.

Total times aired	
Number of Preemptions	0

Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	4 years to 8 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	TURBO DOGS is a show about six canine friends-Dash, GT, Clutch, Stinkbert, Strut, and Mags-who have their own distinct characteristics but share a common love of racing cars. The fastest dogs in Racerville, the Turbo Dogs often compete with one another in races. The dogs each have their own racers, which they maintain regularly, and that are equipped with individual GPS systems to help and guide them. Each story begins with one of the Turbo Dogs encountering a problem that must be resolved while preparing to compete. Usually, the Turbo Dog learns his/her lesson through experience and accountability for negative behavior. Social-emotional messages about sportsmanship, teamwork, cooperation, and fairness developed in the story are emphasized in a separate tag at the end of each episode.

Age of Target Child Audience	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The key educational objective of the program is to familiarize children with the animals of the North American continent and their interaction with other animals and their environment. Throughout the series emphasis will be placed upon protecting endangered species and the impact that humans have while interacting in their environment. Each episode of the series will be specific to a particular animal. Topics will range from basic food gathering, mating, natural enemies, relationships to other animals, and the interaction of the specific ecology on the survival of the species. We expect the children viewing the program will achieve a greater understanding of nature and specific animal species because of the up-close and detailed photography of the series. Through this understanding, it is hoped children will better relate to the natural environment as it exists in North America and learn to protect its natural Species.

Program Title	Wild America
Origination	Syndicated
Days/Times Program Regularly Scheduled	Sun 2p-230p
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The key educational objective of the program is to familiarize children with the animals of the North American continent and their interaction with other animals and their environment. Throughout the series emphasis will be placed upon protecting endangered species and the impact that humans have while interacting in their environment. Each episode of the series will be specific to a particular animal. Topics will range from basic food gathering, mating, natural enemies, relationships to other animals, and the interaction of the specific ecology on the survival of the species. We expect the children viewing the program will achieve a greater understanding of nature and specific animal species because of the up-close and detailed photography of the series. Through this understanding, it is hoped children will better relate to the natural environment as it exists in North America and learn to protect its natural Species.
