Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	As the Commission's files reflect, the station normally airs 6.50 hours per week of core children's television programming or 84.50 hours per quarter, on its primary digital channel. This quarter the station aired 5.5 hours per week of core children's television programming or 71.5 hours per quarter, which is still 32.5 hours more (71.5 vs. 39 hours) than required by Commission Rule 73.671 (Note 2). Furthermore, the station aired 93 hours per week of additional core children's television programming, or 1209 hours for the quarter via its two additional digital sub-channels. This amount represents 1092 hours, on average, above the 117 hours of additional children's television programming per quarter specified by the Commission in this circumstance.
