| Describe the<br>educational<br>and<br>informational<br>objective of<br>the program<br>and how it<br>meets the<br>definition of<br>Core<br>Programming. | Each episode of the show features a real child, who writes for help or advice with a problem to the Doodlenet, three animated young members of a band. The child then enters the animated world of the Doodlenet and sets out on an adventure with the band to find a resolution to the problem, with important life lessons imparted in the process. Each episode reinforces the lesson through a musical interlude that encapsulates the educational message. Specific educational objectives of the program include encouraging viewers to develop positive personal qualities such as honesty and initiative, and providing viewers with a basic understanding and appreciation of music. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Each episode of the show features a real child, who writes for help or advice with a problem to the Doodlenet, three animated young members of a band. The child then enters the animated world of the Doodlenet and sets out on an adventure with the band to find a resolution to the problem, with important life lessons imparted in the process. Each episode reinforces the lesson through a musical interlude that encapsulates the educational message. Specific educational objectives of the program include encouraging viewers to develop positive personal qualities such as honesty and initiative, and providing viewers with a basic understanding and appreciation of music. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Inspired by the beloved works of best-selling children's author Richard Scarry, Busytown Mysteries brings the popular adventures of Busytown to preschoolers with an educational, problem-solving twist. Children can follow classic characters such as Huckle, Sally and Lowly as they scour Busytown on fun-filled adventures looking for answers to life's puzzles. Each episode focuses on fostering viewer's problem solving abilities, as the characters use their skills of observation to collect facts, draw inferences from those facts, and ultimately reach conclusions. Each episode also develops vocabulary through words and concepts that are part of the episode's overall theme. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the<br>educational<br>and<br>informational<br>objective of<br>the program<br>and how it<br>meets the<br>definition of<br>Core<br>Programming. | Inspired by the beloved works of best-selling children's author Richard Scarry, Busytown Mysteries brings the popular adventures of Busytown to preschoolers with an educational, problem-solving twist. Children can follow classic characters such as Huckle, Sally and Lowly as they scour Busytown on fun-filled adventures looking for answers to life's puzzles. Each episode focuses on fostering viewer's problem-solving abilities, as the characters use their skills of observation to collect facts, draw inferences from those facts, and ultimately reach conclusions. Each episode also develops vocabulary through words and concepts that are part of the episode's overall theme. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | WILD ABOUT ANIMALS is a weekly half-hour animal magazine series that airs 52 weeks a year. The show is hosted by Emmy-award winning actress, Mariette Hartley. Mariette has committed herself to fighting for the rights of animals for over 20 years. This series is produced for children 16 and under (specific target audience is 13-16). The producers of Wild About Animals aim to educate and inform children, specifically in the target age group, by bringing them entertaining and interesting stories about the world's most fascinating animals. Each episode consists of four different stories designed to teach children about both exotic and unique animals, as well as to educate them further about animals they see everyday. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | WHADDYADO is a half-hour weekly education series designed to educate, inspire and entertain children 16 and under about the world around them. Each episode is an educational life-lesson, based in reality, intended to prepare young people for potential situations that could easily crop up at any time, anywhere. Through dramatic reenactments, Whaddyado will skillfully document the event, interview the participants, and talk to various experts, who will explain what the proper reaction would be when faced with similar life-threatening circumstances. Also, in an effort to help young people make the right decisions at the right moment, there will be a moral dilemma segment featured in each show. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | AWESOME ADVENTURES is a weekly half-hour adventure series that airs 52 weeks a year. The host, as well as two different teenagers each week, travels all over the world to both exotic and remote locations. Awesome Adventures is designed to educate, inform, and entertain children 16 and under (specific target age is 13-16) about the world around them. Each journey is a lesson in the beauty of nature, its creatures, and people who inhabit the land. The shows are not designed to be preachy or overly pedantic, but rather, the goal is to make the learning fun. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | AQUA KIDS provides core programming in the area of biology, specifically the ecosystem related to the ocean, its tributaries and estuaries. Host Molly and the Aqua Kids crew have traveled the globe, sharing their adventures in an award-winning children's program dedicated to educating young people about the importance of protecting marine environments and the animals that live there. Children can learn about the resources of the oceans and how protection of the oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations in the future, with the biggest ecosystem on the earth - the oceans. Each episode provides information related to the specific topic and gives an educational approach to understanding the topic related to the entire ecosystem of the earth. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | DRAGONFLY TV presents real-life science investigations in a style of television that captures the attention of today's MTV and video-game generation. Against a pop-music soundtrack, children tell about their investigations, communicating the infectious excitement that comes with making their own discoveries. Dragonfly TV engages children, parents and teachers in accessible, hands-on science activities. This program is designed to appeal to children from diverse ethnic, socioeconomic, and educational backgrounds. By modeling and celebrating children's science capabilities, Dragonfly TV has always shown that if kids can dream it, they can do it. Series goals include fostering a greater interest in science and the process of scientific inquiry among children, and giving children encouragement and the confidence to conduct their own science investigations. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | THE REAL WINNING EDGE is pure inspiration. It is a program that encourages young people to see beyond their own circumstances and realize they are not alone in their struggles. The Real Winnng Edge seeks to expose youth to other youth who have consistently made the behavioral choices that have helped them to have a greater sense of internal significance and acceptance, which results in a more self-directed, stable personality. They are more able to negotiate the challenges inherent in life. The show encourages young people to discover where their talents lie and develop an appreciation for honesty and a sense of self-discipline and internal acceptance, while delivering a strong message of hope and optimism for the future of American youth. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Each episode of the show features a real child, who writes for help or advice with a problem to the Doodlenet, three animated young members of a band. The child then enters the animated world of the Doodlenet and sets out on an adventure with the band to find a resolution to the problem, with important life lessons imparted in the process. Each episode reinforces the lesson through a musical interlude that encapsulates the educational message. Specific educational objectives of the program include encouraging viewers to develop positive personal qualities such as honesty and initiative, and providing viewers with a basic understanding and appreciation of music. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Each episode of the show features a real child, who writes for help or advice with a problem to the Doodlenet, three animated young members of a band. The child then enters the animated world of the Doodlenet and sets out on an adventure with the band to find a resolution to the problem, with important life lessons imparted in the process. Each episode reinforces the lesson through a musical interlude that encapsulates the educational message. Specific educational objectives of the program include encouraging viewers to develop positive personal qualities such as honesty and initiative, and providing viewers with a basic understanding and appreciation of music. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Inspired by the beloved works of best-selling children's author Richard Scarry, Busytown Mysteries brings the popular adventures of Busytown to preschoolers with an educational, problem-solving twist. Children can follow classic characters such as Huckle, Sally and Lowly as they scour Busytown on fun-filled adventures looking for answers to life's puzzles. Each episode focuses on fostering viewer's problem-solving abilities, as the characters use their skills of observation to collect facts, draw inferences from those facts, and ultimately reach conclusions. Each episode also develops vocabulary through words and concepts that are part of the episode's overall theme. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Inspired by the beloved works of best-selling children's author Richard Scarry, Busytown Mysteries brings the popular adventures of Busytown to preschoolers with an educational, problem-solving twist. Children can follow classic characters such as Huckle, Sally and Lowly as they scour Busytown on fun-filled adventures looking for answers to life's puzzles. Each episode focuses on fostering viewer's problem-solving abilities, as the characters use their skills of observation to collect facts, draw inferences from those facts, and ultimately reach conclusions. Each episode also develops vocabulary through words and concepts that are part of the episode's overall theme. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the<br>educational<br>and<br>informational<br>objective of<br>the program<br>and how it<br>meets the<br>definition of<br>Core<br>Programming. | WILD ABOUT ANIMALS is a weekly half-hour animal magazine series that airs 52 weeks a year. The show is hosted by Emmy-award winning actress, Mariette Hartley. Mariette has committed herself to fighting for the rights of animals for over 20 years. This series is produced for children 16 and under (specific target audience is 13-16). The producers of Wild About Animals aim to educate and inform children, specifically in the target age group, by bringing them entertaining and interesting stories about the world's most fascinating animals. Each episode will consists of four different stories designed to teach children about both exotic and unique animals, as well as to educate them further about animals they see everyday. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | WHADDYADO is a half-hour weekly education series designed to educate, inspire and entertain children 16 and under about the world around them. Each episode is an educational life-lesson, based in reality, intended to prepare young people for potential situations that could easily crop up at any time, anywhere. Through dramatic reenactments, Whaddyado will skillfully document the event, interview the participants, and talk to various experts, who will explain what the proper reaction would be when faced with similar life-threatening circumstances. Also, in an effort to help young people make the right decisions at the right moment, there will be a moral dilemma segment featured in each show. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | AWESOME ADVENTURES is a weekly half-hour adventure series that airs 52 weeks a year. The host, as well as two different teenagers each week, travels all over the world to both exotic and remote locations. Awesome Adventures is designed to educate, inform, and entertain children 16 and under (specific target age is 13-16) about the world around them. Each journey is a lesson in the beauty of nature, its creatures, and people who inhabit the land. The shows are not designed to be preachy or overly pedantic, but rather, the goal is to make the learning fun. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | AQUA KIDS provides core programming in the area of biology and specifically the ecosystem related to the ocean, its tributaries and estuaries. Host Molly and the Aqua Kids crew have traveled the globe, sharing their adventures in an award-winning children's program dedicated to educating young people about the importance of protecting marine environments and the animals that live there. Children can learn about the resources of the oceans and how protection of the oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations in the future, with the biggest ecosystem on the earth - the oceans. Each episode provides information related to the specific topic and gives an educational approach to understanding the topic related to the entire ecosystem of the earth. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | DRAGONFLY TV presents real-life science investigations in a style of television that captures the attention of today's MTV and video-game generation. Against a pop-music soundtrack, children tell about their investigations, communicating the infectious excitement that comes with making their own discoveries. Dragonfly TV engages children, parents and teachers in accessible, hands-on science activities. This program is designed to appeal to children from diverse ethnic, socioeconomic, and educational backgrounds. By modeling and celebrating children's science capabilities, Dragonfly TV has always shown that if kids can dream it, they can do it. Series goals include fostering a greater interest in science and the process of scientific inquiry among children, and giving children encouragement and the confidence to conduct their own science investigations. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. | Describe the<br>educational<br>and<br>informational<br>objective of<br>the program<br>and how it<br>meets the<br>definition of<br>Core<br>Programming. | THE REAL WINNING EDGE is pure inspiration. It is a program that encourages young people to see beyond their own circumstances and realize they are not alone in their struggles. The Real Winnng Edge seeks to expose youth to other youth who have consistently made the behavioral choices that have helped them to have a greater sense of internal significance and acceptance, which results in a more self-directed, stable personality. They are more able to negotiate the challenges inherent in life. The show encourages young people to discover where their talents lie and develop an appreciation for honesty and a sense of self discipline and internal acceptance, while delivering a strong message of hope and optimism for the future of American youth. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.
