Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	The station inadvertently aired the same episode of Teen Kids News on both its Dot 1 and Dot 2 stream the weekend of July 4-5. This technical error resulted from a conversion of the Wide Orbit traffic system. On September 27, a traffic hub technical error inadvertently caused the three-hour block of E/I programming on the Dot 2 stream to air from 9pm to midnight instead of from 5pm to 8pm. To make good for the error, the station aired a two-hour block of E/I programming on its Dot 2 stream on September 28 from 1pm to 3pm. After due review of internal station records and documentation provided to us by program suppliers, the licensee hereby certifies that the station fully complied with the FCC's commercial limits in children's programs, as specified at 47 C.F.R. Section 73.670, with respect to all programs specifically designed for children ages twelve and under.
