Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	The station was off the air from October 25, 2011, through December 13, 2011. Financial resources for the operation of the station had been provided under a contract with a third party. Required payments under that contract had not been made since July 1, 2011. The contract is in litigation and the licensee had to seek alternative sources of funding and programming. Until those arrangements were made, the station was taken dark to conserve resources. The average core hours listed in response to question 7(a) is based on the days that the station was on the air during the 4th quarter.
