Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Main Digital. Kuzco, a youth who is heir to the throne of a mythical Andean country, must graduate from Kuzco Academy before he can become Emperor of his land. He lives with a peasant foster family and faces the intellectual, physical and social challenges that all teens face, while also preparing to rule justly and well. Sometimes Kuzco wonders whether being Emperor for the rest of his days will be a pleasure or a trap. Kuzco thwarts attempts by the nefarious Yzma and her henchman, Kronk, to stop him from doing well in school. If Kuzco were to fail at his class work, Yzma would become Empress. Kuzco struggles to complete his assignments and stay on track. Only if he remains steadfast, studies hard, learns from his mistakes, and can relate to citizens at all levels of society, will he ascend the throne. His best friend Malina, an excellent student, attempts to help Kuzco stay out of trouble and achieve his goals. Series episodes explore issues such as coping with peer pressure, respecting authority, taking responsibility, adhering to family and school rules, accepting differences, building self-esteem and trust. The Saturday, August 27, 2011 episode was pre-empted for ESPN on ABC live coverage of the Little League World Series.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Main Digital. Riley and Todd, siblings who were raised in an orphanage after the death of their parents, long to be adopted. They find a comic book advertisement for Fleemco, an agency that will provide "Replacement" parents or adults to substitute for certain individuals. Brother and sister decide to send in the \$1.98 fee in hopes of obtaining parents to replace their lost ones. They acquire an unorthodox pair of Replacement parents, Dick Daring and Agent K. Dick is a former daredevil stuntman and Agent K is a British super-spy. Neither seems to know much about parenting, although their intentions are good. Agent K's highly intelligent automobile, C.A.R., her former spy partner, also joins the household. Their attempts to forge a family and adjust to a new school are both touching and comedic. Riley and Todd discover that they can call Fleemco to request replacement of any adult whom they dislike, who is overly strict, or who is merely uninteresting. The temporary Replacements for teachers, neighbors or other community figures never prove to be as exciting or fun as the siblings had hoped, and are often immature and obnoxious. As things go awry, Riley and Todd learn that they need adult leadership, discipline, role models, order and structure. By the end of each story they are eager to return the Replacement and reinstate the original adult. Stories revolve around issues such as cooperating with household/family rules, taking responsibility, fairness, building self-esteem, and trust. The Saturday, August 27, 2011 episode was pre-empted for ESPN on ABC live coverage of the Little League World Series.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Main Digital. Raven Baxter, who has inherited her grandmother's gift of clairvoyance, is a normal, happy young woman. Nonetheless, Raven sometimes worries that she is a freak because of her clairvoyant abilities. She has a ten-year old brother, Cory. They are typical siblings, with the tension and rivalry that most siblings experience. Raven and Cory's mother is in law school, and their father owns a small restaurant. Raven attends an ethnically diverse San Francisco public high school. She is responsible for the after-school safety and activities of Cory. Her closest friends, Chelsea and Eddie, are fiercely committed to environmental issues and sports, respectively. Raven dreams of a career in fashion design, and the new season's episodes revolve around her internship with an eccentric fashion designer. Raven's parents and close friends know about her "visions". These premonitions often prompt her to intervene before trouble occurs. Sometimes her interventions backfire, and at other times the foreseen events occur, bringing embarrassment or sadness. She learns valuable lessons from her transgressions. "Visions" set up issues that the Core episodes of this series explore, among which are sibling rivalry, popularity, loyalty, self-acceptance, jealousy, dealing with authority, and consequences of lying or cheating. The Saturday, August 27, 2011 episode was pre-empted for ESPN on ABC live coverage of the Little League World Series.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Main Digital. Thirteen-year-old Miley Stewart, recently moved from Tennessee to Malibu, CA, leads a double life. By day she attends public high school, along with her older brother Jackson, but by night she is emerging pop star "Hannah Montana". Except for her family, only her two best friends, Oliver and Lilly, and her bodyguard know about Miley's career as a singer, and she strives to maintain privacy, fearing that her new classmates would treat her very differently if they knew of her stage identity. Miley wears blonde wigs while performing, and manages to escape being recognized. Miley's mother died three years before the story begins, so her dad is now a single parent. He has just begun dating again. Miley misses her mother very much. One of the songs that she writes and performs is about the pain of growing up without her mother. Unlike her brother, Miley is a dedicated student. At school, her enemies are Amber and Ashley, two girls who constantly bully Miley. Oliver and Lilly are fiercely protective of their friend. Miley has ordinary teenage insecurities, but remains true to herself, despite the allure of concert life, the limos, parties, and glamorous clothes. This is in no small part due to the solid values that her father, Miley's manager (Billy Rae Cyrus), has imparted. Tension and sibling rivalry do occur, especially when Jackson feels that his talented sister is getting all the attention. Stories examine social issues such as peer pressure, integrity, family rules, jealousy, friendship, loyalty, and issues related to bereavement. The Saturday, August 27, 2011 episode was pre-empted for ESPN on ABC live coverage of the Little League World Series.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Main Digital. Those episodes of "The Suite Life of Zack and Cody" that air on ABC as Core Programming deliver life lessons tailored for the older child and "tween" audience. The Saturday, August 27, 2011 episode was pre-empted for ESPN on ABC live coverage of the Little League World Series. Stories take place in a luxury hotel in Boston, where twelve-year-old identical twins Zack and Cody live with their divorced mom, a lounge singer for the Tipton Hotel. The boys attend a local public middle school. One of the twins is polite and shy and excels in academics, while the other, athletic and extroverted, barely scrapes by in school, due to lack of effort. He often instigates wacky plans for outwitting hotel authorities, caregivers, and their mother. The boy's mother dates and would like to remarry. Their father is a professional rock musician who is on the road much of the year, but stays in touch with his sons. This sets up occasional parental conflicts about discipline and expectations. Parallel stories involve two teenage girls: heiress London Tipton, whose father owns the hotel, and Maddie, a girl who works after school at the hotel snack bar. Unlike London, Maddie attends a parochial girls' school and comes from a working class Boston family. Series episodes explore sibling rivalry, conflicts with parents, divorce, household and hotel rules, family budget limitations, responsibility, self-esteem, and peer pressure. The Saturday, August 27, 2011 episode was pre-empted for ESPN on ABC live coverage of the Little League World Series.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Main Digital. Culture Click is a weekly half-hour series that explores the genesis of - and reasons behind - culture events that permeate our everyday lives. Developed and produced for viewers aged 13-16, host Nzinga Blake opens each episode from her virtual reality set with a list of what's trending on search engines that week. These topics will serve as a jumping-off point for a deep dive into the culture viewers 13-16 will embrace. Each week Nzinga will analyze and answer the questions that shape our society - using the power and speed of the internet and user-generated questions and content. Experts in pop-culture will join her to add insight and historical perspective. And most importantly, viewers will come away with a week's worth of "aha" moments to share with their friends and family. Six degrees of separation takes on a whole new meaning, and there's no limit to what viewers will learn when they experience Culture Click. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Main Digital. Young, enthusiastic and passionate about food, Claire Thomas is the 22 year old host who opens viewers' eyes to how everyday life can inspire culinary creations in "Food for Thought". Each weekly half-hour, produced for ages 13-16, informs and educates teens about the power of food as a tool for exploring new places, meeting new people and learning about different cultures. Claire serves as a role model for 13-16 year old viewers by showing her passion for her family, life, and healthy living by sharing stories in the kitchen. Creative inspiration can come from any place at any time - sometimes from family, sometimes from friends, or even from bloggers needing her help. No matter how exotic or local the location, she's always in search of new tastes and places to explore. Based on her unique perspective gathered throughout each episode, Claire will teach the audience how to prepare the "inspired" dish while promoting a healthy attitude towards food and life. Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F. R. Section 73.671, NOTES 2 and 3.	<p>SPECIAL EVENTS; MAKE A WISH FOR SMILES; On August 4, KOMO took calls from viewers for the full day to raise frequent flyer air miles for "Make a Wish" trips for sick children. The day ended with 6,999,621 miles donated. KOMO Newsradio and Fisher Radio Sister stations contributed in a big way. REI DONATION FOR TOY DRIVE; On September 21 at an REI company retreat, Community Relations Director Jimm Brown accepted 62 bicycles from Recreation Equipment, Inc. (REI) for the Problem Solvers Toy Drive. The early and generous donation was a result of a leadership summit which included a team-building exercise to assemble the bikes blindfolded. Bike technicians will inspect (and rebuild the bikes if necessary) to ensure their safety. The bicycles will also be matched with 62 helmets for the kids. STEVE POOL'S SCHOOL SKYPE; Chief Meteorologist Steve Pool kicked off the 2nd season of Steve's School Skype Chats. The project allows Steve to fulfill many more requests for him to teach a weather primer online than in person. FRIENDS OF THE CHILDREN; A new approach to participating in fundraisers emerged this month as Steve Pool cut a tailored video message for the Friends of Children gala. The organization requested Steve as master of ceremonies. Instead of having him there in person, I suggested the video greeting to open the event and set the tone. If this experiment works, this may be another way to spread the brand to influential viewers/opinion leaders without talent having to interrupt their on-air schedules. MAIN DIGITAL BREAKING NEWS INTERRUPTIONS; On Sunday, September 25, 2011, the following "rescheduled" programs were interrupted due to Local Breaking News regarding President Obama's visit to Seattle and the subsequent traffic issues caused by his motorcade. 11:54am-12:00pm "Born to Explore": 12:00-12:01pm and 12:29-12:30pm "Culture Click"; 12:30-12:32pm "Everyday Health" MULTICAST PROGRAM INTERRUPTIONS: On Saturday, July 23, 2011, "Cake" was interrupted 9:10-9:15am. A massive storm hit Chicago and the multicast network operations center took a direct lightning strike, causing a short loss of the program feed.</p>
