Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	3.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Major Decision is a weekly half-hour program designed and produced for children aged 13-16. Hosted by lively and entertaining teens, Major Decision helps guide viewers on the journey to choose the ideal career path. Each episode focuses on one career with an in-depth interview, a multi-faceted review, and career ranking. The importance of career guidance is highlighted in this series, which gives viewers a glimpse into the life of a different profession in each episode. As teens prepare for life after high school, Major Decision provides more information about the options available to them as adults.

Program Title	Animal Atlas
Origination	Syndicated
Days/Times Program Regularly Scheduled	Sundays at 10:00 AM CT Airs on Secondary Digital Channel
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal Atlas is a weekly half-hour series that travels around the globe to educate viewers 13-16 about the animal kingdom. Every week viewers are given an in-depth look at many different kinds of animals, their biology and habitats, their eating and socializing habits, and much, much more. The series features an up-beat and entertaining narration over beautifully-shot animal footage from zoos and wildlife habitats all over the world. Without pandering, pontificating, or watering down material, it broadens the knowledge and perspective of young viewers through a friendly and fascinating presentation of information about the animal world.
