Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	WTCT normally airs 5.0 hours per week of core children's television programming, or 65 hours per quarter, on its primary digital channel. Even during this quarter, when the station aired its preemptive bi-annual telethon, the station's quarterly children's programming was 59 hours, which is still 20 hours more on its primary digital channel than is required by Commission Rule 73.671 (Note 2). Further, the station aired 58.5 hours per week of additional core children's television programming, or 760.5 hours for the quarter on its two digital sub-channels. This represents 682.5 hours, on average, above the 78 hours of additional children's television programming per quarter specified by the Commission in this circumstance.
