Age of Target Child Audience	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Lazy Town encourages fitness and healthful habits for preschool children. In the imaginary setting of Lazy Town, characters' eating and fitness habits are linked to problem solving in their world. The lead character is Stephanie, a young girl who guides the audience through the story as she and her friends ("human" puppets) and her Uncle (Mayor Milford Meanswell) navigate life within Lazy Town. Robbie Rotten, the underground spy and influencer who personifies the ethos of Lazy Town, is determined to ruin the health and fitness practices of Stephanie and her friends. When the kids have difficulty with Robbie Rotten, Sportacus (a gymnast/athlete prepared to answer any call for help) comes to the rescue from his home in a zeppelin-like aircraft that hovers over earth. The underlying themes of Lazy Town stress the importance of eating "sports candy" (aka fruits and vegetables), always obtaining sufficient sleep, and going outside to engage in a wide range of physical activities that include playing games, competing athletically, and even building forts and play structures.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Poppy Cat based on a book series by Lara Jones, models the use of imagination and storytelling to encourage creative thinking in viewers. Each episode features the narrator Lara, reading a story about Poppy Cat, to her own cat (who is also named Poppy). She weaves an exciting tale following her imagination, which leads her to distant lands reached by boat, plane, hot air balloon or train. Each story features Poppy Cat as the leader of a group of animal friends, including the resident bully Egbert the badger, and other occasionally recurring characters. A prevailing message emerges within each episode to be nice to your friends and always work together. There remains an overarching implicit message within every episode as well; think creatively and exercise your mind through reading and storytelling - for these activities always lead to enjoyment and adventure.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Noodle and Doodle, an instructional series, features art and cooking projects around a specific theme. Host, Sean, drives around in a double-decker bus fully equipped with art supplies and a kitchen, ready for any assignment. The projects encourage parent engagement and often feature families working together to make something to display within the child's home. Sean's side-kick, Doggity, is an ever-faithful beagle who transforms into an animated character during interstitial trips to a parallel universe, set in a kitchen full of prank playing animated characters. The art projects typically promote utilizing recycled materials in order to demonstrate that creativity can transform something intended for one purpose into something that achieves a completely different goal

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	"Animal Atlas" is an entertaining and educational half-hour wildlife program shot exclusively in High Definition. The show introduces young viewers to every kind of animal imaginable, from the familiar to the astounding, including apes and giant lizards, sharks and tigers, and all other animals from the Americas, Africa, Asia, Australia, and everywhere in between. Animal Atlas promotes a better understanding of how various animal species live and what they need to survive. Each episode stands alone as an entertaining look into the world of animals- whether visiting a particular group of animals, such as big cats, or meeting the animals of an entire continent. Through Animal Atlas, viewers discover the variety of places that animals live, how they find food, and how they play. The show also looks at how family units operate, from a community of thousands of prairie dogs, to a pride of lions, to a school of fish. Certain episodes also explore animal features such as diet, locomotion, adaptation, and how animals take care of their young. Along the way, Animal Atlas educates young viewers about endangered species and provides information on how to support wildlife conservation. For a population of young viewers attuned to the importance of going "green," Animal Atlas is not only entertaining, it is culturally relevant and important. Animal Atlas offers an incredible and wildly entertaining adventure through the animal world. Learning about animals has never been more fun! Just spin the globe. Anywhere, everywhere animals live, you'll find Animal Atlas.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>Lazy Town promotes fitness and healthful habits for preschool children. It takes place in an imaginary setting, Lazy Town, and most episodes relate children's eating and fitness habits to problem solving in their "real world." The lead character, Stephanie, guides the audience through the story. She and her best friends, a group of "human" puppets reside in Lazy Town, where her uncle is the Mayor Milford Meanswell. The underground spy and influencer who defines the ethos of Lazy Town is Robbie Rotten, and he is determined to ruin the health and fitness practices of Stephanie and her friends. When the kids get into difficulties with Robbie Rotten, it is Sportacus, gymnast/athlete who comes to the rescue from his home in a spaceship that hovers over earth, prepared to answer to any call for help. The ever-present theme of Lazy Town is to eat "sports candy" which consists of fruits and vegetables, get sufficient sleep, and go outside and engage in a wide range of physical activities, from playing games, holding athletic competitions, to building forts and play structures.</p>

Program Title	Poppy Cat -KNVN
Origination	Network
Days/Times Program Regularly Scheduled	Saturday at 10:00am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>Poppy Cat, based on the book series by Lara Jones, models the use of imagination and storytelling to encourage creative thinking in viewers. Each episode features the narrator Lara, reading a story about Poppy Cat, to her own cat (who is also named Poppy). She weaves an exciting tale following her imagination, which leads her to distant lands reached by boat, plane, hot air balloon or train. Each story features Poppy Cat as the leader of a group of animal friends, the resident bully Egbert the badger, and other occasionally recurring characters. A prevailing message emerges within each episode to be nice to your friends and always work together. There remains an overarching implicit message within every episode as well: think creatively and exercise your mind through reading and storytelling - for these activities always lead to enjoyment and adventure.</p>

Program Title	Noodle and Doodle - KNVN
Origination	Network
Days/Times Program Regularly Scheduled	Saturday at 10:30am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Noodle and Doodle, an instructional series, features art and cooking projects around a specific theme. Host, Sean, drives around in a double-decker bus fully equipped with art supplies and a kitchen, ready for any assignment. The projects encourage parent engagement and often feature families working together to make something to display within the child's home. Sean's side-kick, Doggity, is an ever-faithful beagle who transforms into an animated character during interstitial trips to a parallel universe, set in a kitchen full of prank playing animated characters. The art projects typically promote utilizing recycled materials in order to demonstrate that creativity can transform something intended for one purpose into something that achieves a completely different goal.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	"Animal Atlas" is an entertaining and educational half-hour wildlife program shot exclusively in High Definition. The show introduces young viewers to every kind of animal imaginable, from the familiar to the astounding, including apes and giant lizards, sharks and tigers, and all other animals from the Americas, Africa, Asia, Australia, and everywhere in between. Animal Atlas promotes a better understanding of how various animal species live and what they need to survive. Each episode stands alone as an entertaining look into the world of animals- whether visiting a particular group of animals, such as big cats, or meeting the animals of an entire continent. Through Animal Atlas, viewers discover the variety of places that animals live, how they find food, and how they play. The show also looks at how family units operate, from a community of thousands of prairie dogs, to a pride of lions, to a school of fish. Certain episodes also explore animal features such as diet, locomotion, adaptation, and how animals take care of their young. Along the way, Animal Atlas educates young viewers about endangered species and provides information on how to support wildlife conservation. For a population of young viewers attuned to the importance of going "green," Animal Atlas is not only entertaining, it is culturally relevant and important. Animal Atlas offers an incredible and wildly entertaining adventure through the animal world. Learning about animals has never been more fun! Just spin the globe. Anywhere, everywhere animals live, you'll find Animal Atlas.
