Digital Core  
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	4.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Program Title	DOODLEBOPS
Origination	Network
Days/Times Program Regularly Scheduled	Saturday - 7-7:30 & 7:30-8:00 AM MT (7/6/13-9/21/13)
Total times aired at regularly scheduled time	24
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	3 years to 8 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Each episode of the show features a real child, who writes for help or advice with a problem to the Doodlenet, three animated young members of a band. The child then enters the animated world of the Doodlenet and sets out on an adventure with the band to find a resolution to the problem, with important life lessons imparted in the process. Each episode reinforces the lesson through a musical interlude that encapsulates the educational message. Specific educational objectives of the program include encouraging viewers to develop positive personal qualities such as honesty and initiative, and providing viewers with a basic understanding and appreciation of music. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Age of Target Child Audience	3 years to 7 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Inspired by the beloved works of best-selling children's author, Richard Scarry, Busytown Mysteries brings the popular adventures of Busytown to preschoolers with an educational, problem-solving twist. Children can follow classic characters such as Huckle, Sally and Lowly as they scour Busytown on fun-filled adventures looking for answers to life's puzzles. Each episode focuses on fostering viewers' problem-solving abilities, as the characters use their skills of observation to collect facts, draw inferences from those facts, and ultimately reach conclusions. Each episode also develops vocabulary through words and concepts that are part of the episode's overall theme. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	AQUA KIDS provides core programming in the area of biology, specifically the ecosystem related to the ocean, its tributaries and estuaries. Host Molly and the Aqua Kids crew have traveled the globe, sharing their adventures in an award-winning children's program dedicated to educating young people about the importance of protecting marine environments and the animals that live there. Children can learn about the resources of the oceans and how protection of the oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations in the future, with the biggest ecosystem on the earth - the oceans. Each episode provides information related to the specific topic and gives an educational approach to understanding the topics related to the entire ecosystem of the earth. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>DRAGONFLY TV presents real-life science investigations in a style of television that captures the attention of today's MTV and video-game generation. Against a pop-music soundtrack, children tell about their investigations, communicating the infectious excitement that comes with making their own discoveries. Dragonfly TV engages children, parents and teachers in accessible, hands-on science activities. This program is designed to appeal to children from diverse ethnic, socioeconomic, and educational backgrounds. By modeling and celebrating children's science capabilities, Dragonfly TV has always shown that if kids can dream it, they can do it. Series goals include fostering a greater interest in science and the process of scientific inquiry among children, and giving children encouragement and the confidence to conduct their own science investigations. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. Program Title	AQUA KIDS
Origination	Syndicated
Days/Times Program Regularly Scheduled	Saturday - 8:30-9:00 AM MT
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	6 years to 12 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	AQUA KIDS provides core programming in the area of biology, specifically the ecosystem related to the ocean, its tributaries and estuaries. Host Molly and the Aqua Kids crew have traveled the globe, sharing their adventures in an award-winning children's program dedicated to educating young people about the importance of protecting marine environments and the animals that live there. Children can learn about the resources of the oceans and how protection of the oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations in the future, with the biggest ecosystem on the earth - the oceans. Each episode provides information related to the specific topic and gives an educational approach to understanding the topic related to the entire ecosystem of the earth. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.
