Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	After due review of internal station records and documentation provided to us by program suppliers, the licensee hereby certifies that it fully complied with the FCC's commercial limits, as specified at 47 C.F.R. Section 73.670, with respect to all programs specifically intended for children ages twelve and under. The Station did not broadcast an analog signal during this quarter. The licensee's response to Question 7(b) therefore assumes that the Station's current main program stream serves as the equivalent to the Station's former analog channel.
