Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	7.5
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	3.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Digital Core
Programs(14)

Digital Core Program (1 of 14)	Response
Program Title	Aqua Kids
Origination	Syndicated
Days/Times Program Regularly Scheduled	Mondays 8:00 am
Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program explores the marine ecosystem from tributaries, rivers and oceans to develop an understanding and let the viewer know that we are key in preserving the ocean environment. Aqua Kids teaches about the diversity and beauty of the marine environment and its potential destruction by pollution and carelessness of the human population; such as marine mammals dying from the ingestion of plastic and toxic waste in our waterways destroying the habitat and marine life. By showing the audience the problems they encounter, the Aqua Kids educate their peers on what can be done to solve environmental dilemmas. This program aired on the main digital stream.
Does the Licensee identify the program by displaying throughout the program the symbol E/I?	Yes

Program Title	Eco Company
Origination	Syndicated

Days/Times Program Regularly Scheduled	Tuesdays 8:00am
Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is hosted by teens and used peer reporting to profile individuals and organizations committed to environmental issues, including reports on the latest recycling and nature conservation efforts, advances in renewable energies and carbon footprint-reducing technology. It also offers advice on how to be more eco-wise, while performing daily activities. The program also includes "eco bytes" (bits of trivia related to environmental issues) and video footage uploaded by teen viewers to the program's website. By using this information from a youthful point of view, it enthusiastically encourages young adults to become more proactive about environmentalism and stresses the positive impact that young people's efforts, no matter how small they may seem, can have on the larger world around them. This program aired on the main digital stream.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Supported by a team of Georgia Aquarium biologists, veterinarians and other experts, Jeff Corwin travels the world to explore the Earth's least understood resource, our oceans and waterways and the animals which call them home. He swims with manta rays pointing out that their body form was the inspiration for the design of the Stealth jet. While in the water with whale sharks he takes samples of their blood to better understand their biology. As Jeff continues his journey through each episode the viewer is able to connect with these animals and learn how important they are to all life on the planet as well as how sea life connects to life on the rest of the globe. Program Title	Better Planet TV
Origination	Network
Days/Times Program Regularly Scheduled	Saturdays 11:00am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This series stresses the importance of learning about the environment and how to protect it. The episodes showcase the innovative ways people make new products and create sources of energy, all while saving money. New scientific discoveries and their practical applications are examined to show teen viewers how easy it can be to reduce wasteful consumption, recycle different products, improve the viewers' quality of life, and improve the environment. Viewers are challenged to engage in critical thinking about the ecosystem, and to choose sensible and economical approaches to protecting it. This program will air on the secondary digital stream.

Program Title	Make: Television
Origination	Network
Days/Times Program Regularly Scheduled	Saturdays 11:30am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program celebrates the inventors, artists, and everyday people who mix old and new technology to create new products. On the program, every-day items are transformed for new purposes in the up-cycling process. Viewers are encouraged to combine critical thinking, imagination, and scientific principles to create products that meet the ever-changing needs of our society. This program will air on the secondary digital stream.

Program Title	Ocean Mysteries with Jeff Corwin
Origination	Network
Days/Times Program Regularly Scheduled	Saturdays 12:00pm

Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Supported by a team of Georgia Aquarium biologists, veterinarians and other experts, Jeff Corwin travels the world to explore the Earth's least understood resource, our oceans and waterways and the animals which call them home. He swims with manta rays pointing out that their body form was the inspiration for the design of the Stealth jet. While in the water with whale sharks he takes samples of their blood to better understand their biology. As Jeff continues his journey through each episode the viewer is able to connect with these animals and learn how important they are to all life on the planet as well as how sea life connects to life on the rest of the globe. This program will air on the secondary digital stream
