In each episode she teaches children specific movements that are challenging to produce during the preschool years such as skipping or galloping, and other movements that are easy to replicate, such as marching, running or jumping. She also teaches other movements, such as creeping, slithering, or climbing, based on the movements of different animals. Bo also talks to the audience, asking them to follow step by step directions, and each direction defines the particular movement required to reach the goal and solve a puzzle. Bo is accompanied on her problem solving quest by Dezzy her pet dragon and is helped by a Wizard who appears at critical junctures during the story.
