|                          |                                   | Transmitter Power Output   | 220.0 W                                     |

## Antenna Technical Data

| Section              | Question                          | Response        |
|----------------------|-----------------------------------|-----------------|
| Antenna Type         | Antenna Type                      | Non-Directional |
| Transmitting Antenna | Manufacturer:                     | NEX             |
|                      | Model                             | NXP-88          |
|                      | Antenna Number of Sections:       | 1               |
|                      | Antenna Spacing Between Sections: | 0.0             |

#### **Directional Antenna Relative Field Value**

| Degree     | Value    | Degree | Value | Degree | Value | Degree | Value |
|------------|----------|--------|-------|--------|-------|--------|-------|
| Additional | Azimuths |        |       |        |       |        |       |
| Degree     |          | Value  |       |        |       |        |       |

| Technical      |
|----------------|
| Certifications |

| Section                         | Question   | Response |
|---------------------------------|--|----------|
| Transmitter Power Output        | Does the operating transmitter power output produce the authorized effective radiated power?   |          |
| Constructed Facility            | The facility was constructed as authorized in the underlying construction permit or complies with 47 C.F.R. Section 73.875?                                      | Yes      |
| Special Operating<br>Conditions | Was the facility constructed in compliance with all special operating conditions, terms, and obligations described in the construction permit?                   | Yes      |
| Environmental                   | Would a Commission grant of Authorization for this location<br>be an action which may have a significant environmental<br>effect? (See 47 C.F.R. Section 1.1306) |          |

| Modification of<br>License | Section   | Question  | Response |
|----------------------------|---|---|----------|
| Certifications             | Change in effective<br>radiated power, transmitter<br>output power, replacing a<br>directional or non-<br>directional antenna,<br>deleting contour protection<br>status, or correcting<br>coordinates | Is this application being filed to authorize a change in<br>Effective Radiated Power and/or a change in transmitter<br>output power, and/or replacing a directional or non-<br>directional antenna and/or deleting contour protection status<br>and/or correcting coordinates, as authorized by 47 CFR<br>Sections 73.1690(c)(1) through (c)(11)? |          |
|                            | Using a formerly licensed<br>main facility as an auxiliary<br>facility.   | Is this application being filed pursuant to 47 CFR Section 73.1675(c)(1) to request authorization to use a formerly licensed main facility as an auxiliary facility and/or change the ERP of the proposed auxiliary facility?   |          |
|                            | Change the license status   | Is this application being filed to authorize a change in<br>license status from commercial to non-commercial or from<br>noncommercial to commercial, pursuant to 47 CFR Section<br>73.1690(c)(9)?   |          |
|                            | Change in hours of operation  | Is this application being filed to authorize a change in hours of operation?  |          |
|                            | Replacement of Antenna  | Is this application being filed to authorize the replacement of<br>the licensed nondirectional antenna with another<br>nondirectional antenna within 2 meters above or 4 meters<br>below the licensed antenna center of radiation? See 47<br>CFR Section 73.875(c)(1)?  |          |
|                            | Replacement of transmission line  | Is this application being filed to authorize a replacement of<br>the transmission line that resulted in a change in licensed<br>transmitter power output, but not the effective radiated<br>power? See 47 CFR Section 73.875(c)(2)?   |          |

Certification

| Section                             | Question   | Response |
|-------------------------------------|--|----------|
| General Certification<br>Statements | The Applicant waives any claim to the use of any particular<br>frequency or of the electromagnetic spectrum as against the<br>regulatory power of the United States because of the<br>previous use of the same, whether by authorization or<br>otherwise, and requests an Authorization in accordance<br>with this application (See Section 304 of the<br>Communications Act of 1934, as amended.).  |          |
|                                     | The Applicant certifies that neither the Applicant nor any<br>other party to the application is subject to a denial of<br>Federal benefits pursuant to §5301 of the Anti-Drug Abuse<br>Act of 1988, 21 U.S.C. § 862, because of a conviction for<br>possession or distribution of a controlled substance. This<br>certification does not apply to applications filed in services<br>exempted under §1.2002(c) of the rules, 47 CFR . See §1.<br>2002(b) of the rules, 47 CFR § 1.2002(b), for the definition<br>of "party to the application" as used in this certification §<br>1.2002(c). The Applicant certifies that all statements made<br>in this application and in the exhibits, attachments, or<br>documents incorporated by reference are material, are part<br>of this application, and are true, complete, correct, and<br>made in good faith. |          |

| Authorized Party to Sign | FAILURE TO SIGN THIS APPLICATION MAY RESULT IN<br>DISMISSAL OF THE APPLICATION AND FORFEITURE |              |
|--------------------------|---|--------------|
|                          | OF ANY FEES PAID  |              |
|                          | Upon grant of this application, the Authorization Holder may                                  |              |
|                          | be subject to certain construction or coverage requirements.                                  |              |
|                          | Failure to meet the construction or coverage requirements                                     |              |
|                          | will result in automatic cancellation of the Authorization.                                   |              |
|                          | Consult appropriate FCC regulations to determine the  |              |
|                          | construction or coverage requirements that apply to the type                                  |              |
|                          | of Authorization requested in this application.   |              |
|                          | WILLFUL FALSE STATEMENTS MADE ON THIS FORM  |              |
|                          | OR ANY ATTACHMENTS ARE PUNISHABLE BY FINE   |              |
|                          | AND/OR IMPRISONMENT (U.S. Code, Title 18, §1001)  |              |
|                          | AND/OR REVOCATION OF ANY STATION  |              |
|                          | AUTHORIZATION (U.S. Code, Title 47, §312(a)(1)), AND  |              |
|                          | /OR FORFEITURE (U.S. Code, Title 47, §503).   |              |
|                          | I declare, under penalty of perjury, that I am an authorized                                  | JAMES HUGHES |
|                          | representative of the above-named applicant for the   |              |
|                          | Authorization(s) specified above.   |              |
