Digital Core
Programming

| Question | Response |
|---|----------|
| State the average number of hours of Core Programming per week broadcast by the station on its main program stream | 3.0 |
| State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream | 336.0 |
| State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671: | 6.0 |
| Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673? | Yes |
| Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams? | Yes |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | This series features the rescue, rehabilitation and, in many instances, release back into the wild of ocean wildlife. Sea Rescue offers educational and entertaining television by demonstrating the welfare and medical benefits that rescue and rehabilitation programs provide animals. Viewers will also learn that there's a reciprocal benefit: rescued animals provide valuable insight into their biology and ecology. This information adds to the pool of knowledge necessary to conserve threatened and endangered species. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Taste Buds is a weekly half-hour series for children aged 13-16 that encourages them to think about what they eat, be creative in the kitchen, and explore foods from the world around them. Viewers learn and laugh as the hosts cook up age-appropriate recipes and go on fun food adventures. With a group of young hosts who are culinary explorers, viewers will delve into the culture, history, science, and art behind the food. Each episode explores a new food theme, beginning with the simple phrase, "Foods that.." and rounding off with the hosts creating and customizing theme-inspired recipes that kids and parents will want to make together. Taste Buds communicates a positive message about healthy eating, kitchen safety, and environmental responsibility. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Aqua Kids Adventures is designed and produced to educate children aged 13-16 about the importance of protecting aquatic environments and the animals that live in marine habitats. This weekly half-hour series strives to show teens that with a little dedication and the right attitude, they can make a difference within their own communities. In each episode, Host Molly and the Aqua Kids crew travel the globe while sharing their adventures and what they learn about preserving a world for everyone to explore. Whether they're talking about saving sea turtles or participating in a beach cleanup, the Aqua Kids demonstrate the real and lasting contribution children can make in protecting the future of their community and the world. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Animal Atlas is a weekly half-hour series that travels around the globe to educate viewers 13-16 about the animal kingdom. Every week viewers are given an in-depth look at many different kinds of animals, their biology and habitats, their eating and socializing habits, and much, much more. The series features an up-beat and entertaining narration over beautifully-shot animal footage from zoos and wildlife habitats all over the world. Without pandering, pontificating, or watering down material, it broadens the knowledge and perspective of young viewers through a friendly and fascinating presentation of information about the animal world. |
