Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Each week host Emily Calandrelli takes viewers on incredible journeys through space that will both entertain and educate, in "Xploration Outer Space." Ever wonder what it would be like to live in space or on a different planet? Emily tries to perform every day responsibilities while floating in zero gravity, and explores the challenges that come along with living on a different planet, while she lives like an astronaut in a Mars-like habitat. Episodes will cover space robotics, commercial space tourism, asteroids, and our search for life. When appropriate, the host will highlight NASA related programs and internships for young students that are relevant to the content shown. This is a program produced with the intention of increasing/expanding young viewers' interest in the field of STEM education (Science, Technology, Engineering, and Mathematics Education Coalition).

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	Due to the end of analog on 6/12/09, KCPQ no longer has analog broadcasts, and therefore, the answer to 7(b) is "no." Effective 11/2/15, KCPQ will begin broadcasting This TV on 13.2. Therefore, E/I programming for that channel has been reported in the "Other Matters" section of this report.

Program Title	Whaddyado	
Origination	Network	
Days/Times Program Regularly Scheduled	Sunday, 9a & 9:30a, 11/8-12/27/15	
Total times aired at regularly scheduled time	16	
Length of Program	30 mins	
Age of Target Child Audience from	13 years to 16 years	
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	[13.2 - This TV] "Whaddyado" is designed to educate, inform, inspire and entertain teens, while providing opportunities to learn life lessons they would otherwise not be open to receive. Teens are exposed to real life situations during reenactments where developing important life saving skills is examined. By exposing the teen viewer to perilous situations which have already occurred, then, using interviews with the participants and instructions from experts, they are shown what the proper reaction should be when faced with similar life-threatening circumstances. The show also works to minimize the viewer's belief in their immortality, a priceless lesson for all teens. In the show's "moral dilemma" segment, teens are given a scenario which raises moral questions for which they're provided an expert's analysis of the costs and benefits of various courses of action, tackling the challenge head on. All in all, Whaddyado works to help develop the moral fiber of our nation's teens, each segment welcoming the opportunity for teens who seek to define themselves.
