Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	The Network aired additional children's core programming block with prior promotion in June. As previously reported to the FCC in Univision's annual preemption report to the FCC, Univision's live coverage of the World Cup resulted in the preemption of some of the "core" children programs scheduled during the 2nd quarter of 2011. Univision holds exclusive rights for Spanish language coverage of the World Cup, which is held once every four years and is one of the most widely viewed sporting events in the world. Due to time zone differences with the host country, some "core" children programming was rescheduled and/or pre-scheduled with appropriate promotion of the schedule change
