Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Howdy Doody is a 1975 series which is known to its viewers for Buffalo Bob in his cowboy attire and a cast of human characters such as Clarabell the Clown and Chief Thunderthud as well as puppets (i.e., Howdy Doody, Dilly Dally, Flub-a-Dub, etc.). Children sat on stage in the Peanut Gallery, thus making this show a forerunner of interactive programming we enjoy today. The primary value of the series is to educate and entertain elementary school-aged children. In addition, both older children and monitoring adults will find this series amusing and quite charming as Howdy Doody is a timeless character who has an interactive quality. Educationally, the series offers opportunities for parents and teachers to teach lessons related to language, character development, science, and listening skills. In accordance with the 1990 Children's Television Act (ATC) intended to increase educational and informational programming for children on television, HOWDY DOODY clearly meets the goals of providing children with a television show that meets CORE requirements of the FCC as follows: 1. Issues such as bullying, establishing trust and courtesy are faced and resolved in the episodes. 2. Responsibility is presented in a positive and encouraging manner. 3. Making choices in life, mastery of attachment and separation are emphasized in each episode. 4. Issues of competition and loyalty are conveyed throughout the series.

Question	Response
Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. Section 73.3526(e)(11)(iii)?	Yes
Name of children's programming liaison	John Hayes
Address	21 Interstate Court
City	Greenville
State	SC
Zip	29615
Telephone Number	864-213-2101
Email Address	john.hayes@foxcarolina.com
Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	After due review of internal station records and documentation provided to us by program suppliers, the licensee hereby certifies that the station fully complied with the FCC's commercial limits in children's programs, as specified at 47 C.F.R. Section 73.670, with respect to all programs specifically designed for children ages twelve (12# and under. In addition to the educational or informational programs listed in this report, the station broadcast the following programs specifically designed for children ages twelve #12# and under that were not "educational or informational": none. On June 12, 2009, the station completed the transition to digital television. After that date, the responses to Question 4 apply solely to the station's primary digital program stream. The Station did not broadcast an analog signal during this quarter. The licensee's response to Question 7#b) therefore assumes that the Station's current main program stream serves as the equivalent to the Station's former analog channel. On April 1, 2015 WHNS changed the DT2 channel to Cozi TV. Effective April 15, 2015 WHNS launched the DT3 channel airing Escape.

Aqua Kids provides a unique vehicle for young people to learn about the diversity of marine animals around the world, emphasizing the importance of preserving fragile aquatic habitats and encouraging children to take an active role in protecting the future of their community and the world. The program provides a window into the management and preservation of unique habitats and species through the eyes of kids and their hands-on collaboration with science researchers and educators. The messages delivered by Aqua Kids are given by a creative and resourceful host, Molly McKinney, whose scientific background is evident in the show. The other young hosts, whose ages range from pre-teen to late teens, are equally entertaining and informative. The young viewers identify with these young hosts and imagine themselves in the role of the scientist and as someone who could have a positive impact on the environment. The format of young student scientists presenting information on location in a variety of aquatic settings is both entertaining and informative.
