| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Ages 8-12 are such a crucial time in a child's spiritual and identity formation, and kids in those years are like a sponge. iShine KNECT is designed to let young people soak in the light and find their identity in Christ with amazing music videos and interviews with MISSION Six, The Rubyz, Jasmine Sagginario, Cooper and Gatlin Green, Logan Charles, Jonnie and Brookie, Kelsey Muse, Josiah Rea and Jamie-Grace Harper! The series is hosted by nationally known speaker, Paige Armstrong, a young teen bone cancer survivor and features her encouraging sermonettes with a message about finding what matters most to Christ amidst the questionable values that the world promotes. This is a high-energy series about tween artists as they share and sing about how they find their identity in Christ. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming.   | The show represents an attractive alternative to current programming because Gina D's Kids Club is hosted by a positive adult female role model, who connects with her young viewers in a gentle caring way. The major premise of Gina D's Kids Club is establishing and reinforcing positive values and behaviors through original songs and character performances that children will choose to adopt and imitate. Scripts are designed to promote actions that support interpersonal skills such as helping others, negotiation, cooperation, sharing and tolerance with an ending (Gina D's letter to grandma) that reinforces those educational objectives. Content is lively and fun, produced with state of the art computer animation and original, positive songs and characters. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | A 30 minute television series like you've never seen before. It's fun. . . It's colorful. . . It's magical. . . It's musical. . . It's educational. . . It teaches values and celebrates faith. . . And it does all that in three languages at once! Introducing Dr. Wonder's Workshop - the first Christian television series ever produced where everyone uses American Sign Language! This program has been designed from the ground up to be the most accessible children's educational TV series ever developed. Not only will the show be voiced in English and captioned in English and Spanish, but every line, every song, every story will also be signed. For the first time, the 1.2 million Deaf children in America will be able to enjoy the show just as much as their hearing friends and family. So will other special needs children who are taught to use sign language, like Down Syndrome kids, or Autistic children, or other kids who find speech difficult. If ever there was a program designed to be sure that no child is left behind, this is it. This program has everything you've come to expect in a high quality children's educational television show. Interesting stories with fun, colorful characters. Creative original music. Language development. And instruction on the importance of developing positive life values such as honesty, integrity, and responsibility. But it also includes another dimension not found in most educational television. Dr. Wonder's Workshop also address issues of faith. Every program will include a Bible Story and an object lesson to show the children that God is just as relevant today as He ever was! The show will never be "preachy," but in tender loving ways Dr Wonder and his friends will unapologetically show the children that God knows them, He loves them, and they are precious to Him. |
