**Digital Core  
Programming**

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	0.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	0.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

**Digital Core Programs(6)**

<b>Digital Core Program (1 of 6)</b>	<b>Response</b>
Program Title	Xploration Awesome Planet
Origination	Syndicated
Days/Times Program Regularly Scheduled	Saturdays 7:00am (10/4-12/27/14)
Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Host Philippe Cousteau (grandson of famed undersea explorer Jacques Cousteau), brings energy to every location he visits while seeking to inspire and educate viewers in earth sciences. This program takes an in-depth look at the unique and distinct features on planet Earth, from magnificent mountains to erupting volcanoes. Viewers will not only behold the beauty of gigantic glaciers, but also discover why they formed and how they shaped our landscape. Geological experts share their wisdom with Philippe, as he strives to understand places on, inside, and above the Earth. This program airs on the station's main digital stream.
Does the Licensee identify the program by displaying throughout the program the symbol E/I?	Yes

<b>Digital Core Program (2 of 6)</b>	<b>Response</b>
Program Title	Xploration Outer Space
Origination	Syndicated
Days/Times Program Regularly Scheduled	Saturdays 7:30 a.m. (10/4-12/27/14)

Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0

## Liaison Contact

Question	Response
Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. Section 73.3526(e)(11)(iii)?	Yes
Name of children's programming liaison	Terri Ortlieb
Address	5111 East McKinley Avenue
City	Fresno
State	CA
Zip	93727
Telephone Number	559-255-2600
Email Address	tlortlieb@chestv.com

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.

KMPH continued to serve the educational, informational, and social needs of children throughout the 4th Quarter 2014 through extensive broadcast and outreach activities. The station has continued to air PSAs for local and national organizations serving the interests of children and families, including those from The Partnership for Drug Free Kids Campaign and stories of people who know the challenges of addiction as well as the struggles and power of recovery, from The Ad Council Fatherhood Involvement Campaign "Kid Again", creating an awareness to fathers on the importance of their presence in the well-being of their children's lives, and from the Ad Council on the dangers of childhood asthma. We also have presented stories in our newscasts highlighting children's issues, such as the impact of what is now the common childhood disease, tooth decay, on boys and girls, the need for increased child awareness from the experience of the toddler who lost a foot in a lawnmower, an increased understanding of impact of good nutrition on children, and how it can lead to better test scores, and the potentially tragic impact of cyber bullying, as in the story of a bullied child with cerebral palsy. The station continues to provide tours of our facility to local schools to show where and how the news is produced, and to answer questions on what skills are needed to work in the industry, including education. The station's on air talent maintain an extensive schedule with community groups and schools. Dozens of visits were made to schools to read to students, helping them develop a love of reading and continuing education, teaching them about weather and the environment, sports and health, and to answer questions about television, world events, and issues that impact children. Video of the students and teachers of the schools visited are featured during our 5 hour morning news and entertainment program, Great Day. These videos are included in Kopi's Ten Day Forecast, Great Day Faces, and the 7th Inning Stretch. These videos and their accompanying stories are also featured on our website. Our news personalities are all active in the community, including one of who serves on the board of the Northern California Chapter of the National Association of Television Arts and Sciences, serving in the Mentoring and Scholarship programs. Our station is active on social media, where we frequently field questions from children, and take the opportunity to encourage them to continue their education, act in a socially responsible manner, and become good stewards of the planet on which they live.

**Other Matters (6)**

<b>Other Matters (1 of 6)</b>	<b>Response</b>
Program Title	Xploration Awesome Planet
Origination	Syndicated
