Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	4.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Total times aired	13
Number of Preemptions	1
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	1
Length of Program	30 mins
Age of Target Child Audience	6 years to 10 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Magic School Bus is based on a series of children's books about science written by Joanna Cole. The show features the ingenious Ms. Frizzle, an elementary school teacher and intrepid explorer who piles her students into her Magic School Bus and takes them on amazing field trips to impossible locations. The goal of each field trip is to answer questions or learn many new things about the place the class visits. Each episode is a fact filled expedition to places as diverse as the solar system,the human body, or even inside weather systems. The bus transforms to suit the environment and the kids freely explore and share their learning with each other and with Ms. Frizzle, who nudges her students to "make connections" and answer their own questions with research. The class pet, Lizzie, a large lizard, accompanies the class on their field trips. The content of the show is appropriate for children from ages 4 to 9 and in addition to all the factual content, the children also have a socio-emotional problem to solve that is embedded into the story line. This program aired on our primary channel only.

Age of Target Child Audience	6 years to 10 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	What kid hasn't brought home a stray dog, baby bird or a firefly in a jar? Willa, that's who. So far, this 9-year-old critter collector has adopted a giraffe, a couple of elephants, an alligator and so many other exotic animals, there's barely room in Willa's room for Willa! When there's a Willa there is a way! From the Creator of Oswald, Willa's Wild Life is an enchanting series about a little girl's unique home life that is sure to keep you in stitches and warm your heart. Willa's Wild Life follows the adventures of Willa, an unforgettable little girl who, like a young Lucy in I Love Lucy, finds herself in comic predicaments that only seem to escalate as she fumbles through solutions. But thanks to her loving and patient father, and her entire extended family of personality rich zoo animals, Willa manages to overcome her obstacles, learn a little something, and have a great time along the way. This program aired on our primary channel only.

Age of Target Child Audience	6 years to 10 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Pearlie is an animated comedy series based on the children's book series Pearlie the Park Fairy by Wendy Harmer. Pearlie is an optimistic, light-hearted fairy who sees the good in everybody, but often gets into situations because her desire to help is larger than her capacity to deliver. Aimed for an audience within the 4-8 year old range, Pearlie focuses on the importance of following the rules, using good judgment and learning how to avoid getting into trouble. Since Pearlie was appointed by Fairy Head Quarters (HQ) to keep Jubilee Park in sparkling order, she has constant challenges with her basic goal of keeping everyone happy and making sure the park functions smoothly. Pearlie's nemesis and cousin Saphira often takes advantage of Pearlie's good nature which requires that Pearlie must also frequently outwit the park bully. In each episode, we see Pearlie approach new tasks and problems with a great deal of enthusiasm, but without the organization required to get the job done. Through plot developments and with the assistance of her friends, Opal and Jasper, she learns what to do and what not to do in each situation so the park can be restored to order. This program aired on our primary channel only.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Sports Stars of Tomorrow takes you around the country showing you geographical locations of the United States as we take a look at the top athletes in the country. The program takes you into their homes and schools to see how they handle schoolwork and sports as a student/athlete. The show details their study habits from athletes who struggle at school to athletes taking college credit courses in high school. Sports Stars of Tomorrow uncovers the next generation of phenoms while also uncovering emotional, heart felt stories about true superstars who overcome tremendous adversities in life. For instance the Para Olympic athlete who went to court to win her right just to compete at an early age in life. Each 30 minute episode produces captivating stories about the student/athlete and their journey to greatness on the field, in the classroom, and life. This program aired on our multicast channel only.

Total times aired	12

Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Aqua Kids clearly meets the goals of providing children with a television show that meets CORE requirements of the FCC as follows: 1. Aqua Kid website that can be easily accessed by parents and provides a clear description of the types of programming offered. It also provides a listing of when shows are aired on broadcasting stations through the USA. Advanced notice of programming is available to parents and consumers by the website. 2. Aqua Kids provides CORE programming in the area of biology and specifically the ecosystem related to the ocean, its tributaries and estuaries. Children can learn about the resources of the oceans and how protection of oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations into the future, with the biggest ecosystem on earth being the oceans. Each episode provides information related to a specific topic and gives an educational approach to understand the topic related to the entire ecosystem of the earth. Each episode is topic specific and focuses on a topic that can be informational in a 30 minute time span to stay in the bounds of a child's attention span. 3. Aqua Kids uses the technique of near peer mentors i.e., children to teach other children. Each episode employs Aqua Kids who ask questions and experience first hand the experience of the topic. For example, children might feed Manatees to experience the graceful, gentle nature of the animal and learn about their biology or dig through piles of silt dredged from the ocean depths to look for shark teeth to understand how shark continually grow new teeth and lose old rows of teeth. This program aired on our multicast channel only.

Since Pearlie was appointed by Fairy Head Quarters (HQ) to keep Jubilee Park in sparkling order, she has constant challenges with her basic goal of keeping everyone happy and making sure the park functions smoothly. Pearlie's nemesis and cousin Saphira often takes advantage of Pearlie's good nature which requires that Pearlie must also frequently outwit the park bully. In each episode, we see Pearlie approach new tasks and problems with a great deal of enthusiasm, but without the organization required to get the job done. Through plot developments and with the assistance of her friends, Opal and Jasper, she learns what to do and what not to do in each situation so the park can be restored to order. This program will air on our primary channel only.

Program Title	Green Screen Adventures
Origination	Network
Days/Times Program Regularly Scheduled	Various/See Below
Total times aired at regularly scheduled time	156
Length of Program	30 mins
Age of Target Child Audience from	7 years to 13 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>EDUCATIONAL MISSION: To encourage children to be enthusiastic about writing and reading. To help students build a foundation for writing, critical thinking, and problem solving. To promote character development as the diverse cast demonstrates cooperation and mutual respect. To provide educators with innovative and entertaining ways to teach their students. Green Screen Adventures (GSA) is an educational children's television series intended to promote literacy. Utilizing humor as a powerful learning tool, GSA sparks enthusiasm for writing through age-appropriate sketch comedy, original songs, puppetry, and story theater. By basing the stories on the writing of elementary school students, ages 7-13, children get the message that their words have power, and that their voices are being heard. Since its debut in 2007, GSA has produced 165 half-hour episodes that feature stories written by almost 1,000 elementary school students. GSA provides something that educators can't necessarily offer or replicate in a school setting, as it gives students a real world connection to their writing. Young students have the opportunity to understand the impact of writing on a broader audience by submitting their own writing to the show for consideration and adaptation. Green Screen's company of performers and writers reinforces critical writing skills and emphasizes positive social messages. In addition to academic skills, GSA focuses on the five Cs: Creativity, Curiosity, Confidence, Citizenship, Compassion. ACADEMICS - WRITING SKILLS: The writers for GSA walk the delicate line of adaptation, staying true to each child's ideas and each student's words, while at the same time creating dynamic and educational programming. They take the best elements of a child's work - including descriptive language, plot, or character and expand upon them aiming to produce the greatest impact. GSA has developed an aesthetic that grabs viewers' attention, stimulates creativity, and emphasizes demonstrated writing skills. Educational content reflects current learning standards and is reviewed in collaboration with educators. GSA designs adaptations of students' work to emphasize and reinforce writing skills. BRAIN GAMES incorporate research papers and factual reports with an emphasis on organization and accuracy. STORY THEATER brings fiction to life and examines ideas and themes as well as the elements of character, setting, and plot. There is a natural expression of voice that enhances the writer's use of point-of-view whether they chose the use of first-person or third-person narrative. Descriptive language is acted upon with an emphasis on a rich and deepened vocabulary. It also integrates components like prediction, parts of speech, dialog, and punctuation. PUPILS' COURT analyzes the varying sides of arguments that are the foundation for powerful, persuasive writing. POET TREE features haiku and other forms of poetry. FOOD FOLKS incorporates handmade puppets to provide yet another creative approach to storytelling. BEYOND WORDS highlights illustrations and visual art techniques. A primary goal is to generate more writing in schools and among students. One example of its success is from the Chicago Public Schools, the original partner for Green Screen Adventures, which is produced in and originates from Chicago. Over the past two years in one area of Chicago Public Schools, the participation rate in GSA has risen to 90%, with 27 of its schools submitting work to the program. One third of that area's schools have had more than a dozen of their students' stories featured on GSA. One can anticipate a similar growth pattern as the broadcast of the program expands across the country. SOCIO-EMOTIONAL GROWTH: Its company of writers and performers brings a variety of life experiences to the program. Through their words and actions they serve as role models for the young viewers, dem</p>
