NASA's Destination Tomorrow is an Emmy-award-winning 30-minute educational program that is produced for television; an associated web site contains story summaries and links to related program material. Programs in this series (1) create and heighten children's interest in mathematics, science, technology, and NASA; (2) increase the scientific and technological literacy of children; (3) help parents and caregivers to become involved in the education of children and young children; and (4) serve as a mechanism for educating (and involving) the public about NASA such that people will understand what NASA does (especially here on Earth) and why what NASA does is important to our economic, scientific, and security interests.
