Length of Program	30 mins
Age of Target Child Audience	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chica is a five-year-old "baby" chick who spends her days with her parents in their costume shop, the Coop. The shop's one employee, Kelly, doubles as Chica's nanny, and the ensemble is rounded out with Bunji, a large floppy-eared rabbit, and Stitches, a straw mannequin that sits in the window. In each episode, Chica develops or encounters a problem that she cannot immediately resolve. Usually her issues involve impulse control, distractibility, judgment, and inter-personal behaviors. She and Kelly usually work on the problem through an adventure--a fantasy transformation to animation--where Bunji and Stitches come alive and join Chica and Kelly for the problem-solving process. The core educational content is primarily socio-emotional development, and Chica learns how to express herself properly, think before she acts, and interact with others effectively. She often learns that it takes hard work and practice to become proficient at different skills. Main Digital.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Justin Time features a little boy, Justin, who wants very much to master his destiny, have great adventures, and solve problems. He begins with a problem that vexes him and daydreams his way into an adventure that takes him to different places around the world, providing him with an experience to help solve his problem when he returns home. Justin is accompanied by two imaginary friends throughout his adventures: Olive, a knowledgeable playmate, and Squidgy, the morphing flying sponge, who provides commentary and comedy along the way. Some examples of Justin's lessons involve learning that it takes focus to achieve success, that our failures can teach us what we need to do to succeed next time, and that when one path to solve a problem doesn't work, you can find an alternative way to achieve your goal. Justin promotes self-directed learning from the young child's perspective and imagination. Main Digital.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Zou is a French series based on the Zou books by Michel Gay. Targeted for children age 2-5, each episode explores the kind of learning issues that emerge from every day encounters in the life of a preschool child. If Zou plays his drums too loud, how can he learn to play them softly? If Zou wants a car, but has only a cardboard box, how can he transform it? If Zou lost his friend's favorite airplane, how does he explain? How can Zou be successful at baking a cake if he has never done it before? How can Zou muster the courage to go to the doctor when he's afraid of injections? These are big issues in the mind and life of a preschool child and Zou demonstrates how to have fun, ask for help, listen to advice, and try different solutions until he can commit to the strategy that works. The show says it, shows it, and does it, in the embedded and naturally occurring lesson within each episode. Main Digital.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Edgemont is designed to entertain its core teen audience and also to inform and educate its viewers about issues that arise in school and at home. The storylines focus on social and emotional challenges faced by all secondary school students, from forming and maintaining family, friendship and romantic relationships, to ethical and moral choices. The objective of the series is to demonstrate models of behavior for teen viewers, allowing them to consider choices that they themselves may face, to witness the potential outcomes of these choices and gain positive tools that they can use to resolve issues and conflicts in a constructive way. Multicast.
