Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	Along with several other L4 media stations, WUBX has recently converted to a full time digital operation. In addition to this change, the operator is very actively searching for new programming and, more specifically, new children's programming. It is expected that by next quarter there will be new new children's programming to report.
