Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	THE BUSY WORLD OF RICHARD SCARRY This animated series is based on the books by Richard Scarry. The fictional city Busytown is an enchanting place that's abuzz with energy and life. Episodes are divided into multiple segments with different themes. The first and last segments involve the children in Busytown exploring their community. At the end of each segment the children have learned a little about their community and the world they live in. The middle segment shows children life in other cities featuring daily activities of adult characters in places such as Paris or Rome. Each episode includes two song segments in which the first, "Imagine That", teaches various things like general science to how banks work. The second song segment that teaches safety is called "Play it Safe". The aim of the series is to stimulate imagination and foster vicarious play, teach pro-social behavior (such as generosity, friendliness, persistence, altruism, understanding of others' points of view, empathy, acceptance of others' idiosyncrasies), help children move beyond family attachments to the world of friendships and community, help children develop skills on which academic learning depends such as attention, language, memory, active processing of a story and an interest in reading. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	ZOO CLUES This programs tackles the animal kingdom's most mind-blowing questions, like these: Can birds fly backwards? Are whales fish? Do dogs sweat? Questions and clues are presented, giving viewers a chance to guess the right answers. Our investigation of the answers takes viewers on a fast-paced and entertaining tour of the animal kingdom. The series will keep viewers engaged with the nearly infinite visual richness, animal characteristics, and wild range of animal behaviors. Beyond basic engagement, Zoo Clues will leave viewers with a meaningful perspective about animals and meaningful comparisons to their own human characteristics. The variety of the animal kingdom is truly odd and bizarre enough to read like fiction, but the clever narration of Zoo Clues links disparate information together in a way that always makes clear that what viewers see is real, natural, and relates to their own life in the real world. Program Title	Zoo Clues
Origination	Network
Days/Times Program Regularly Scheduled	Sundays 11:00am & 11:30am (1/5/14-3/30/14)
Total times aired at regularly scheduled time	26
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	ZOO CLUES This programs tackles the animal kingdom's most mind-blowing questions, like these: Can birds fly backwards? Are whales fish? Do dogs sweat? Questions and clues are presented, giving viewers a chance to guess the right answers. Our investigation of the answers takes viewers on a fast-paced and entertaining tour of the animal kingdom. The series will keep viewers engaged with the nearly infinite visual richness, animal characteristics, and wild range of animal behaviors. Beyond basic engagement, Zoo Clues will leave viewers with a meaningful perspective about animals and meaningful comparisons to their own human characteristics. The variety of the animal kingdom is truly odd and bizarre enough to read like fiction, but the clever narration of Zoo Clues links disparate information together in a way that always makes clear that what viewers see is real, natural, and relates to their own life in the real world.
