**Digital Core  
Programming**

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	3.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This weekly educational series is designed to educate, inform, and inspire children about the world around them. Each episode is an educational life-lesson, based in reality, intended to prepare young people for potential situations that could easily crop up at any time, anywhere. Using a combination of actual dramatic footage, re-enactments, and demonstrations, "WHADDYADO" provides a compelling look at perilous situations that have occurred in real life. Then, using interviews with the participants, and instructions from experts, we learn what the proper reaction should be when faced with similar life-threatening circumstances. Also, in an effort to help young people make the right decision at the right time many episodes will feature a Moral Dilemma segment.

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	A whole new generation has made the environment, climate change and going green their casue. Eco Company is hosted by a dynamic and diverse group of teens who combine their natural curiosity with their enthusiasm for preserving the planet they will inherit. Each week the program explores all aspects of being green and understanding how we impact our world. The E-Co Team hosts report on the latest developments in renewable energies and alternative fuels. They explore organic processes and learn how conservation and recycling can have an impact on reducing our carbon footprint. Eco Company profiles individual teens and organizations who are making a difference. These inspirational stories showcase teens who have made a commitment to being green and to having an impact on their schools, in their communities, in their homes and in their personal lives. The program gives teens throughout the U.S. and around the world the opportunity to share their stories by uploading their own videos to the program. Eco Company also provides Eco-Wise tips that provide practical ways in which teens and people of all ages can contribute to a sustainable planet.

Program Title	Xploration Awesome Planet	
Origination	Syndicated	
Days/Times Program Regularly Scheduled	Saturdays 7:00am	
Total times aired at regularly scheduled time	3	
Length of Program	30 mins	
Age of Target Child Audience from	13 years to 16 years	
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Our host, Philippe Cousteau, the grandson of legendary Jacques Cousteau, brings boundless energy to every location we visit. Produced primarily for the 13-16 target audience, Xploration Awesome Planet will inspire and educate anyone interested in Earth sciences. From magnificent mountains to violent volcanoes, this program takes an in-depth look at the unique and distinct features on planet Earth. We not only visit gigantic glaciers and behold their beauty but also discover why they formed, and how they shaped our landscape. Geological experts share their wisdom with Philippe, as we strive to understand places on the Earth, inside the Earth, and above the Earth.

Length of Program	30 mins	
Age of Target Child Audience from	13 years to 16 years	

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Each week our host Emily Calandrelli will take viewers on incredible journeys through space that will both entertain and educate. Ever wonder what it would be like to live in space or on a different planet? Watch our host try to perform everyday responsibilities while floating in zero gravity. Explore the challenges that come along with living on a different planet as our host lives like an astronaut in a Mars-like habitat. This new half-hour weekly series produced for the 13-16 target audience will certainly attract viewers of all ages. We will have episodes on space robotics, commercial space tourism, asteroids, and our search for life, among many others. When appropriate, the host will highlight NASA related programs and internships for young students that are relevant to the content we have shown.
