Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Eco Company 36.2 - Saturdays/7:30am - 13-16 years old Eco Company provides Core programming in the area of the environment of the earth's resources. Eco Company explores all aspects of being "green" and understanding how our actions impact the world. The E-Co team learns about global warming by asking questions to discover the truths and myths of the global warming issue. They learn about alternative energies by visiting wind farms and solar installations and discovering new energy technologies currently under development. They learn more about recycling, conservation and organics. The E-Team profiles teens and school organizations who have taken it upon themselves to make a difference, young entrepreneurs who are taking their passion for green to develop new ideas and new products for a sustainable future. Most importantly, each story and each feature is reported by teens and told from their perspective. Additionally the show provides weekly practical tips that teens and people of all ages can use in their daily lives. Eco Company uses the technique of peer reporting. The diverse and dynamic cast of teens who make Eco Company combine their natural curiosity with their enthusiasm to report the informational stories to teens and their families. Each episode employs Eco Company "members" or hosts who conduct interviews of peers and adults and experience first hand the demonstration and explanation of the topic.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Mystery Hunters 36.2 - Saturdays/8am - 8-16 years old The Mystery Hunters are Araya and Christina, regular kids with inquisitive minds, who travel the globe to investigate the sites and delve into the tales which have baffled people throughout the ages - investigating the Grand Canyon for ghosts, searching for the lost city of Atlantis and investigating the legend of Frankenstein. Armed with video cameras and their instincts, they gather facts and meet the experts, debunking common myths and offering explanations for legends, spooky stories and unexplained phenomena. They use critical thinking and scientific reasoning to show that things are not always what they seem. Back at the Mystery Lab, Doubting Dave, the resident skeptical scientist, challenges viewers to send in their own mysteries and then tackles the questions with experiments and logical explanations. Dave also assists the Mystery Hunters with their investigations.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Weather 101 for Kids explains various aspects of weather, including the meaning of so many different and sometimes confusing words like dew point, humidity, temperature, wind speed, pressure, etc. Various meteorologists explain how satellites and computers are used to develop a weather forecast and the importance of science and math for those who want to make weather forecasting a career. A lot of safety tips are provided so kids know what to do in case of a weather emergency like thunderstorms, lightning, tornados, hurricanes, flooding, etc. (for example; during flooding if the water is at an unknown depth or the speed of the water is unknown then follow the motto, turn-around, don't drown. XIS is a show designed for kids ages 13-16 that features Dr. Bill Wellnitz (known as Wizard Wellnitz in the show) Professor, Augusta State University and Director, Georgia Science Olympiad. During the show, Dr. Wellnitz performs safe but exciting experiments that have a visual impact on children and adults. Most of the experiments are simple and can be repeated at home with minimal to no adult supervision. The program was created to challenge and entertain children while educating them on the fun facts of science. WTVQ broadcasts a rotation of Weather 101 for Kids and XIS on Monday through Wednesday throughout the quarter.

Most importantly, each story and each feature is reported by teens and told from their perspective. Additionally the show provides weekly practical tips that teens and people of all ages can use in their daily lives. Eco Company uses the technique of peer reporting. The diverse and dynamic cast of teens who make Eco Company combine their natural curiosity with their enthusiasm to report the informational stories to teens and their families. Each episode employs Eco Company "members" or hosts who conduct interviews of peers and adults and experience first hand the demonstration and explanation of the topic.

Program Title	Mystery Hunters 36.2
Origination	Syndicated

Days/Times Program Regularly Scheduled	Saturday 8:00-8:30Am ET
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Mystery Hunters are Araya and Christina, regular kids with inquisitive minds, who travel the globe to investigate the sites and delve into the tales which have baffled people throughout the ages - investigating the Grand Canyon for ghosts, searching for the lost city of Atlantis and investigating the legend of Frankenstein. Armed with video cameras and their instincts, they gather facts and meet the experts, debunking common myths and offering explanations for legends, spooky stories and unexplained phenomena. They use critical thinking and scientific reasoning to show that things are not always what they seem. Back at the Mystery Lab, Doubting Dave, the resident skeptical scientist, challenges viewers to send in their own mysteries and then tackles the questions with experiments and logical explanations. Dave also assists the Mystery Hunters with their investigations.
