Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	WTCT normally airs 4.5 hours per week of core children's television programming, or 58.5 hours per quarter, on its primary digital channel. Even during a quarter when the station airs its preemptive bi-annual telethon the station's quarterly children's programming is 54 hours which is still 15 hours more (54 vs. 39 hours) for its primary digital channel as required by Commission Rule 73.671 (Note 2). Additionally, the station aired 83.96 hours per week of additional core children's television programming, or 1091.5 hours for the quarter on its two digital sub-channels. This represents 1013.5 hours, on average, above the 78 hours of additional children's television programming per quarter specified by the Commission in this circumstance.
